HAS EXERCISED AUTHORITY GRANTED BY THE COMMISSION**

Pursuant to 4 C.S.R. 240-2.080 and Section II.A(2)(g) of the Stipulation and Agreement approved by the Missouri Public Service Commission (“Commission”) in the above-captioned proceeding, KCP&L Greater Missouri Operations Company (“GMO”) hereby respectfully provides notice that it exercised the authority granted by the Commission in its order approving the Stipulation and Agreement. In support hereof, GMO offers as follows:

1. The Stipulation and Agreement approved by the Commission in this proceeding directed GMO to file notice within 10 days after GMO exercises the authority granted in the order.

2. As of June 18, 2009, GMO has received all regulatory approvals for the transfer of functional control of certain GMO transmission assets to SPP. The Federal Energy Regulatory Commission (“FERC”), by letter order dated June 18, 2009 in Docket No. ER09-1004-000, accepted the *Network Operating Agreement and Network Integration Transmission Service Agreement* and a related *Agreement for the Provision of Transmission Service to Missouri Bundled Retail Load* (“Service Agreements”) between SPP and GMO. FERC established a retroactive effective date for the Service Agreements of April 15, 2009. FERC acceptance of the Service Agreements was a condition of final Commission approval of the Stipulation and Agreement, a condition that now has been fulfilled.

3. GMO has received the necessary regulatory approvals and has exercised the authority granted by the Commission in this proceeding.

Respectfully submitted,
