**KCP&L GREATER MISSOURI OPERATIONS COMPANY’S
MOTION TO CORRECT TARIFF AND REQUEST FOR EXPEDITED TREATMENT**

COMES NOW KCP&L Greater Missouri Operations Company (“GMO” or the “Company”) and, for their *Motion to Correct Tariff and Request for Expedited Treatment* (“Motion”), state as follows:

1. On November 29, 2018, GMO submitted its revised tariffs (Tracking No. YE-2019-0105) relating to its MEEIA 3 programs (“GMO MEEIA 3 Tariffs”). The MEEIA 3 cases are still ongoing and the MEEIA 2 programs were extended though this Commission’s approval of a Stipulation¹, and the GMO MEEIA 3 Tariffs submitted on November 29th have not been approved by the Missouri Public Service Commission (“Commission”). Nevertheless, several GMO MEEIA 3 Tariffs are shown as currently effective in EFIS. This pleading addresses only tariff sheet 138.7 containing rates needed for GMO’s upcoming DSIM rider filing which is due May 31, 2019. The Company will file another pleading seeking correction of the remaining tariffs.

2. Simultaneously with this Motion, the Company filed tariff sheet 138.7. The Company requests expedited treatment of this sheet so that it becomes effective May 31, 2019 and can be referenced in the Company’s May 31, 2019 DSIM filing. The tariff sheet is exactly the

same as the tariff sheet that was filed on November 30, 2018 and became effective on February 1, 2019 (Tracking number JE-2019-0109).

3. There will be no negative effect on the Company's customers or the general public if the Commission grants this Motion.

4. This Motion was filed as soon as it could have been under the circumstances.

WHEREFORE, for the foregoing reasons and for good cause shown, GMO respectfully requests the Commission grants this Motion with expedited consideration.

Respectfully submitted,
