**KCP&L GREATER MISSOURI OPERATIONS
COMPANY’S REQUEST FOR HEARING**

COMES NOW KCP&L Greater Missouri Operations Company (“GMO”) and hereby submits its Request for Hearing, as follows:

1. On November 29, 2011, following its third prudence review of costs related to the fuel adjustment clause of GMO the Missouri Public Service Commission Staff (Staff) filed its *Third Prudence Review Report and Recommendation* (Report) in this proceeding, as required by Commission Rule 4 CSR 240-20.090(7)(B). The Staff’s Report recommends the Commission find that GMO was “imprudent” for including costs and revenues associated with options to purchase natural gas as a hedge against purchases of electricity in the spot market during the review period in determining associated fuel adjustment clause rates. Staff’s Report recommends that the Commission order GMO to refund the cost of the options plus interest accrued at GMO’s short term interest rate to its customers through an adjustment to its fuel adjustment clause.

2. GMO disputes the Staff’s claim of imprudence. Consequently, and in compliance with Commission Rule 4 CSR 240-20.090(7)(B), GMO hereby requests a hearing regarding Staff’s recommendation. In addition, GMO asks the Commission

promptly set a prehearing conference so that the parties can develop a recommended procedural schedule for this case.

WHEREFORE, GMO respectfully requests a hearing regarding Staff's recommendation and asks that the Commission promptly schedule a prehearing conference so that a procedural schedule may be developed.

Respectfully submitted,

/s/ Roger W. Steiner
