

3. The Commission issued its *Order Approving Stipulation and Agreement and Granting Certificate of Convenience and Necessity*, which states an effective date of April 3, 2021 ("CCN Order").

4. The CCN Order granted the requested CCN subject to certain conditions, including;

c. Staff and Ameren Missouri shall jointly file agreed upon in-service criteria for the Montgomery solar facility with the Commission within 90 days of granting the CCN. The filed in-service criteria will be used to evaluate whether the Community Solar facility, once operational, meets the fully operational and used for service standard in Section 393.135, RSMo.

5. Staff and Ameren Missouri have been discussing the in-service criteria, but due to personnel availability, are not able to reach final agreement within 90 days of the effective date of the CCN Order as set out in Condition c to the Commission's CCN Order.

6. Therefore, Staff and Ameren Missouri jointly request a short extension, until July 16<sup>th</sup>, to finalize the in-service criteria as set out in Condition c of the Commission's CCN Order.

**WHEREFORE**, Staff and the Company jointly request an extension until July 16, 2021 to finalize and file agreed upon in-service criteria.

Respectfully submitted,

**/s/ Travis J. Pringle**
