## ORDER GRANTING LEAVE TO FILE CORRECTED ANNUAL REPORT

Issue Date: September 25, 2009

Effective Date: September 25, 2009

On September 18, 2009, the Commission's Staff filed its annual report regarding Laclede Gas Company's direct buried copper service line replacement program. Later that day, Staff filed a motion asking leave to file a corrected annual report. Staff attached a corrected annual report to its motion, and that corrected report now appears in EFIS as a separate docket entry. The Commission will grant Staff leave to file its corrected annual report.

Staff also asked the Commission to substitute the corrected report for the originally filed report so that only the corrected report would remain in EFIS. Staff suggests removing the original report would avoid confusion, but the Commission believes further confusion could result if the original report is removed from EFIS; questions could arise about why only a corrected report would appear in the record. Therefore, both the originally filed report and the corrected report, clearly identified as such, shall remain in EFIS.

**THE COMMISSION ORDERS THAT:**

1. Staff is granted leave to file a corrected annual report.
2. This order shall become effective immediately upon issuance.
