ORDER ESTABLISHING ENDING ACA BALANCES

Issue Date: February 19, 2014

Effective Date: March 1, 2014

The Commission opened these cases to receive the above-captioned Actual Cost Adjustment (ACA) filings of Laclede Gas Company. Each of the cases has been held open for several years pending resolution of issues involving either affiliate transactions, Lange underground storage non-recoverable gas losses or MoGas Pipeline, L.L.C. overcharges. These issues have been resolved through various Commission orders approving stipulations or granting joint motions.

On February 6, 2014, the Staff of the Commission filed a recommendation and memorandum. Staff informs the Commission that no issues remain in these cases for the Commission to resolve. Therefore, in its memorandum, Staff sets out recommended ACA balances and requests that the Commission issue an order establishing these balances and closing the cases.

Commission rule requires that responsive pleadings be filed within 10 days.¹ More than 10 days have expired and no party has filed a response to Staff’s recommendation

Upon review, the Commission concludes that Staff’s recommendations should be accepted as a resolution of Laclede’s 2004-2005, 2005-2006, 2006-2007, 2007-2008, 2008-2009, 2009-2010 and 2010-2011 ACA audits. Because Staff’s recommendations are unopposed, the Commission will give this order a 10-day effective date.
