OF THE STATE OF MISSOURI**

In the Matter of KCP&L Greater Missouri Operations ) **File No. HT-2017-0274**  
Company's Tariffs Changing the Steam QCA for ) Tracking No. YH-2018-0081  
Service Provided to Customers in its Service Territory )

**STAFF RECOMMENDATION TO APPROVE TARIFF SHEET**

**COMES NOW** the Staff of the Public Service Commission of Missouri and, for its Staff Recommendation to Approve Tariff Sheet, states:

1. On January 15, 2018, KCP&L Greater Missouri Operations Company ("GMO") filed with the Commission one tariff sheet, 35<sup>th</sup> Revised Sheet No. 6.10 Cancelling 34<sup>th</sup> Revised Sheet No. 6.10 bearing an effective date of March 1, 2018, to modify the quarterly cost adjustment ("QCA") for steam service customers for the fourth quarter of calendar year 2017.

2. GMO's filing includes the proposed tariff sheet and supporting workpapers consisting of electronic worksheets showing its calculation of the QCA. The proposed tariff sheet reflects a customer credit per million British Thermal Units ("BTU") of \$(1.6665)<sup>1</sup> as compared to a customer credit of \$(1.5637) per million BTU reflected on the previous revision of Tariff Sheet No. 6.10. The change resulting from this filing causes an increase of the customer credit in the QCA Rider rate and is the result of the net effect of:

- 1) a \$147,935 decrease in the quarterly adjusted fuel costs when compared to the same quarter last year, and
- 2) the decrease of the Reconciliation Rate ("R Factor") component of \$22,061, when compared to the same quarter last year.

---

<sup>1</sup> A "(bracketed amount)" represents a credit to the customer. The credit is also sometimes referred to as a "negative charge" as reflected by the brackets. In this instance, the customer will receive a credit in the amount of \$1.6665 per million BTU.

3. For a steam service customer, this would mean a decrease of approximately \$102.80 for every thousand MMBTUs used. As more fully explained in its Memorandum, attached hereto as Appendix A, Staff has reviewed the data and calculations provided by GMO related to its proposed tariff sheet and has determined that it is correct and satisfies the standards set forth in GMO's Tariff Sheet Nos. 6.6 through 6.10.

4. Staff has verified that GMO is not delinquent on any assessment and has filed its 2016 Annual Report. Additionally, Staff is not aware of any other matter pending before the Commission that affects or is affected by this tariff filing. Staff's recommendation for approval of the QCA change in this case is solely based on the accuracy of GMO's calculations and is not indicative of the prudence of the fuel costs included in the QCA.

**WHEREFORE**, for the reasons discussed above and in Staff's Memorandum, the Staff recommends the Commission either issue an order approving the proposed tariff sheet as filed by GMO on January 15, 2018, to go into effect March 1, 2018, or to allow it to go into effect by operation of law that same date:

P.S.C. MO. No. 1

35<sup>th</sup> Revised Sheet No. 6.10 Canceling 34<sup>th</sup> Revised Sheet No. 6.10

Respectfully Submitted,

## MEMORANDUM

TO: Missouri Public Service Commission Official Case File  
File No. HT-2017-0274, Tariff Tracking No. YH-2018-0081  
KCP&L Greater Missouri Operations Company

FROM: Michelle Bocklage, Rate and Tariff Examiner III  
Michael Stahlman, Regulatory Economist III

/s/ Robin Kliethermes                      2/6/2018                      /s/Mark Johnson      2/6/2018  
Manager Tariff and Rate Design Unit/ Date                      Staff Counsel Division / Date

SUBJECT: Staff Recommendation to Approve the Tariff Sheet Filed to Add the Quarterly Cost Adjustment for the Fourth Quarter of 2017 to the Quarterly Cost Adjustment Rider – Steam of KCP&L Greater Missouri Operations Company to go into effect on March 1, 2018, or to go into effect by operation of law that same date.

DATE: February 6, 2018

On January 15, 2018, KCP&L Greater Missouri Operations Company (“GMO”) filed with the Commission one (1) tariff sheet for steam service to add the quarterly cost adjustment (“QCA”) for the fourth quarter of 2017. The adjustment is required by GMO’s Quarterly Cost Adjustment Rider, which the Commission approved in Case No. HR-2005-0450, and modified in Case Nos. HR-2009-0092 and HR-2010-0028.

GMO’s filing included the proposed tariff sheet and supporting workpapers consisting of electronic worksheets showing GMO’s calculation of the QCA for the fourth quarter of 2017.

On January 16, 2018, the Commission directed Staff to file a recommendation on the pending tariff no later than February 6, 2018.

The procedure for the calculation of the QCA for steam service sales is set out in GMO’s Tariff Sheet Nos. 6.6 through 6.10, which are titled “Quarterly Cost Adjustment Rider – Steam.” The QCA calculation components as described in Tariff Sheet Nos. 6.6 and 6.7 include the Current Quarterly Cost Adjustment (“CQCA”), the Reconciliation Rate (“R factor”) plus any applicable reconciling adjustments. Additionally, Tariff Sheet 6.8 includes Coal Performance Standards.

The QCA Rider for this 35<sup>th</sup> revision of Tariff Sheet No. 6.10 reflects a negative charge per million British Thermal Units (“BTU”) of (\$1.6665) as compared to a negative charge per million BTU of (\$1.5637) that was reflected on the previous revision of Tariff Sheet No. 6.10. For a steam service customer, this would mean a decrease of approximately \$102.80 for every thousand MMBTUs used. The QCA Rider negative charge is a reduction to customers’ bills to reflect the customer share of the variation in fuel cost for the most recent quarter. The QCA Rider rate reflects a decrease of \$147,935 in the quarterly adjusted fuel costs when compared to

the same quarter last year. The R factor component reflects a decrease of \$22,061 when compared to the same quarter last year.

Staff reviewed the data and mathematical calculations GMO provided in its worksheets and found GMO's calculations related to the filed tariff sheet to be correct, and that the calculations satisfy the standards set forth in GMO's Tariff Sheet Nos. 6.6 through 6.10. The calculations are also consistent with previous GMO QCA filings.

### **Staff Recommendation**

Staff has reviewed the filed tariff sheet and recommends approval of the following tariff sheet to go into effect for service on and after March 1, 2018, the requested effective date:

P.S.C. MO. No. 1

35<sup>th</sup> Revised Sheet No. 6.10 Canceling 34<sup>th</sup> Revised Sheet No. 6.10

Staff has verified that GMO is not delinquent on any assessment and has filed its Annual Report. GMO is current on its submission of its Surveillance Monitoring reports as required in 4 CSR 240-20.090(10) and its monthly reports as required by 4 CSR 240-3.161(5). Staff is not aware of any other matter pending before the Commission that affects or is affected by this tariff filing. Staff's recommendation for approval of the QCA change in this case is solely based on the accuracy of GMO's calculations, R factor adjustments, and an adjustment for Coal Performance Standards outlined above and is not indicative of the prudence of the fuel costs included in the QCA.
