

BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of the Application of Laclede Gas)
Company to Transfer an Asset to Spire Pipeline, Inc.) **File No. GM-2017-0018**

ORDER GRANTING THE APPLICATION TO INTERVENE OF ENABLE MISSISSIPPI RIVER TRANSMISSION, LLC

Issue Date: December 5, 2016

Effective Date: December 5, 2016

On October 31, 2016, Laclede Gas Company filed an application asking the Commission to authorize it to sell a section of natural gas pipeline to an affiliated company, Spire Pipeline, Inc. Along with its request for authority to sell the pipeline, Laclede asked for a variance from the asymmetrical pricing standards of the Commission's affiliate transaction rule. The Commission provided notice of that filing and established November 21 as the deadline for interested parties to apply to intervene. On November 21, Enable Mississippi River Transmission, LLC (MRT) applied to intervene.

MRT is a Delaware corporation that operates an interstate gas pipeline to which Spire Pipeline, Inc. hopes to interconnect. MRT is concerned that the operation of the proposed Spire pipeline will affect the operations of MRT's existing pipeline. More than ten days have passed since MRT applied to intervene, and no party has objected to that application.

The Commission finds that MRT's interest in this case differs from that of the general public, and may be adversely affected by a final order arising from this case. Furthermore, the Commission finds that allowing MRT to intervene will serve the public interest.

Therefore, in accordance with Commission Rule 4 CSR 240-2.075(3), the Commission will grant MRT's application to intervene.

THE COMMISSION ORDERS THAT:

1. The Application to Intervene of Enable Mississippi River Transmission, LLC, is granted.
2. This order shall be effective when issued.
