In the Matter of KCP&L Greater Missouri            )  
Operations Company’s Notice of Intent to File an        )  
Application for Authority to Establish a Demand-        )  
Side Programs Investment Mechanism                    )                    File No. EO-2019-0133

**KCP&L GREATER MISSOURI OPERATIONS COMPANY’S  
MOTION TO CORRECT TARIFFS AND REQUEST FOR EXPEDITED TREATMENT**

COMES NOW KCP&L Greater Missouri Operations Company (“GMO” or the “Company”) and, for their *Motion to Correct Tariffs and Request for Expedited Treatment* (“Motion”), state as follows:

1. On November 29, 2018, GMO submitted its revised tariffs (Tracking No. YE-2019-0105) relating to its MEEIA 3 programs (“GMO MEEIA 3 Tariffs”). The MEEIA 3 cases are still ongoing and the MEEIA 2 programs were extended though this Commission’s approval of a Stipulation<sup>1</sup>, and the GMO MEEIA 3 Tariffs submitted on November 29<sup>th</sup> have not been approved by the Missouri Public Service Commission (“Commission”). Nevertheless, several GMO MEEIA 3 Tariffs are shown as currently effective in EFIS.

2. On May 30, 2019, GMO submitted a motion to address only tariff sheet 138.7, which contains rates needed for GMO’s DSIM rider filing which was due to be filed on May 31, 2019.

---

<sup>1</sup> See *Order Approving Stipulation and Agreement*, issued February 27, 2019.

3. The Missouri Public Service Commission (“Commission”) issued its *Order Granting Motion to Correct Tariff and Request for Expedited Treatment* on June 5, 2019 with an effective date of June 15, 2019 (June 5<sup>th</sup> Order).

4. On June 14, 2019, GMO submitted a motion (“June 14<sup>th</sup> Motion”) to correct the remaining GMO MEEIA 3 Tariffs as detailed on Exhibit A to the June 14<sup>th</sup> Motion.

5. On June 19, 2019, GMO discovered that the tariff sheets described in **Exhibit 1** attached hereto (“R63 Tariffs”) also needed to be corrected, though they were inadvertently omitted from the June 14<sup>th</sup> Motion.

6. This pleading seeks correction of the identified R63 Tariffs, similarly to the single sheet correction the Commission approved with its June 5<sup>th</sup> Order and the multi-sheet correction requested by GMO’s June 14<sup>th</sup> Motion.

7. Simultaneously with this Motion, the Company files the R63 Tariffs. The Company requests expedited treatment of the R63 Tariffs so that they become effective as soon as is practical for the Commission. The R63 Tariffs replacing the currently effective GMO MEEIA 3 Tariffs are exactly the same as the previously effective tariff sheets in place for each individual tariff sheet prior to the GMO MEEIA 3 Tariffs being erroneously made effective. For details of prior relevant Tracking Nos. and Issue/Effective Dates being reverted to, please see the attached Exhibit 1.

8. There will be no negative effect on the Company’s customers or the general public if the Commission grants this Motion.

9. This Motion was filed as soon as it could have been under the circumstances.

WHEREFORE, for the foregoing reasons and for good cause shown, GMO respectfully requests the Commission grants this Motion with expedited consideration.

Respectfully submitted,
