In support of this motion, GMO states as follows:

1. On August 5, 2009, GMO filed its 2009 Integrated Resource Planning Filing ("IRP") which is required by the Commission's 4 CSR 240-22 rules.
2. On December 10, 2009, the Commission Staff, Public Counsel, Dogwood Energy, L.L.C. ("Dogwood") and the Missouri Department of Natural Resources ("MDNR"), each filed reports alleging certain deficiencies with GMO's IRP.
3. On December 14, 2009, the Commission issued its Notice Regarding Procedural Timeline which established the following filing deadlines:

4. Due to the unavailability of a GMO IRP team member as a result of a death in her family, and the press of other business at the Commission, the parties have been unable to meet to resolve the alleged deficiencies included in the reports of Staff, Public Counsel, Dogwood, and MDNR. As a result, more time is needed for the parties to meet to discuss and possibly resolve or narrow the alleged deficiencies.

5. The parties have been contacted regarding this request. The Commission Staff, Office of the Public Counsel, the Missouri Department of Natural Resources, Dogwood Energy, LLC, City of Kansas City, Missouri, the Missouri Joint Municipal Electric Utility Commission, and the Sedalia Energy Users Association have indicated that they have no opposition to this request.

WHEREFORE, GMO respectfully requests that the respective deadlines for filing the Joint Agreement, GMO's Response to the Joint Agreement, and other parties' Comments be extended by thirty (30) days. If this motion is granted, the deadline for filing the Joint Agreement would be February 24, 2010, and the deadline for the GMO Response To the Joint Agreement and Comments of other parties would be March 10, 2010.
