

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of KCP&L Greater Missouri )  
Operations Company's Residential Lighting ) File No. ET-2015-  
And Appliance Program Tariff )

**MOTION FOR EXPEDITED TREATMENT**

COMES NOW KCP&L Greater Missouri Operations Company ("GMO" or the "Company"), in accordance with Missouri Public Service Commission ("Commission") Rule 4 CSR 240-2.080(14), and, for its Motion for Expedited Treatment, states to the Commission as follows:

1. With this Motion, GMO is filing a proposed Residential Lighting and Appliance Program tariff sheet which changes the existing Residential Lighting and Appliance Program. The tariff revision consists of the removal of two measures from the "Eligible Lighting and Appliance Measures" section: (1) Purchase Energy Star Labeled Refrigerator and (2) Install Programmable Thermostat. These two measures didn't pass the Total Resource Cost screening in the 2013 Evaluation, Measurement and Verification Report prepared by Navigant Consulting, Inc. This tariff sheet contains an issue date of September 22, 2014 and an effective date of October 22, 2014.

2. The subject tariff sheet carries an effective date of October 22, 2014. However, GMO seeks the Commission's expedited treatment of this tariff sheet. To that end, GMO asks that the tariff sheet becomes effective October 2, 2014.

3. The grant of this Motion may have a positive benefit for GMO's customers in that the changes to the existing Residential Lighting and Appliance Program will be implemented in a timely manner. Staff supports GMO's request for expedited treatment. This Motion has been

filed as of the earliest date the Company knew of its necessity and could prepare the required documents. There will be no negative effect on GMO's customers or the general public if the Commission acts by October 2, 2014.

WHEREFORE, for all the foregoing reasons, KCP&L respectfully requests the Commission consider this Motion for Expedited Treatment and to approve the proposed tariff sheets effective October 2, 2014.

Respectfully submitted,
