SECTION 1: BACKGROUND

1.1 ANNUAL UPDATE WORKSHOP

On July 11, 2013, GMO met with stakeholders to the 2013 IRP Annual Update to review the annual update report filing made under Case No. EO-2013-0537 on June 20, 2013. Per 4 CSR 240-22.080(3)(B), *“The utility shall prepare an annual update report with both a public version and highly-confidential version to document the information presented at the annual update workshop and shall file the annual update reports with the commission no less than twenty (20) days prior to the annual update workshop.”* Stakeholders present at the annual update workshop included Missouri Public Service Commission (MPSC) Staff, Office of Public Counsel (OPC), and Missouri Department of Natural Resources (MDNR) – Energy Division. The complete list of attendees, including stakeholders that participated via telephone is attached as Appendix A.

1.2 SUMMARY REPORT PREPARATION

Per 4 CSR 240-22.080(3)(C), *“The utility shall prepare a summary report that shall list and describe any action items resulting from the workshop to be undertaken by the utility prior to next compliance triennial filing or annual update filing.”*

From the stakeholder workshop, a list of utility action items was assembled and is provided below:

SECTION 2: ACTION ITEMS

Responses to each of the action items listed in Table 1 above, is provided as follows:

2.1 SMART GRID LINK

As a DOE Smart Grid Demonstration Project requirement, KCP&L produced its first Interim Technology Performance Report (TPR) on December 31, 2012. The link provided in the Annual Update filing was not correct. The correct link to the report is:

2.2 NATURAL GAS FORECAST DATE INFORMATION

The Annual Update filing provided the names of the fuel and emission forecast sources on Table 14, Page 25. In addition to this information, a request was made to provide the date of the natural gas forecast. Table 2 below provides the date for all fuel and emissions forecasts used in the Annual Update.

2.3 DSM ANNUAL DEMAND, ENERGY, AND COST DATA

At the stakeholder meeting, it was determined that there was an error in the GMO DSM Cost chart on Slide 21. This error has been corrected and is reflected in Table 3 below.

Table 3: GMO DSM Options – Capacity Projections

The data that created the table above and all other DSM data modeled are provided in Appendix B.

SECTION 3: CONCLUSION

Notwithstanding the responses to the action items, GMO is not undertaking any additional actions to change the Annual Update report.
