**ORDER GRANTING THE APPLICATION TO INTERVENE OF
MIDWEST GAS USERS' ASSOCIATION**

Issue Date: February 26, 2013

Effective Date: February 26, 2013

On January 14, 2013, Southern Union Company, d/b/a Missouri Gas Energy, The Laclede Group, Inc., and Laclede Gas Company, filed an application asking the Commission to approve a sale in which Laclede Gas Company would acquire the entire franchise, works, and system of Southern Union's Missouri Gas Energy operating division. The Commission provided notice of that filing and established February 13 as the deadline for interested parties to apply to intervene.

On February 13, the Midwest Gas Users' Association (MGUA) applied to intervene. MGUA is an unincorporated non-profit association of businesses and other entities that use substantial amounts of natural gas at their plants and facilities in Missouri and surrounding states.¹ Missouri Gas Energy transports natural gas for MGUA's members under separate transportation rate schedules and as a result, the interest of MGUA's members differs from

that of the general public. More than ten days have passed since MGUA applied to intervene and no party has objected to that application.

The Commission finds that MGUA's interest in this case is different from that of the general public, and may be adversely affected by a final order arising from this case. Furthermore, the Commission finds that allowing MGUA to intervene will serve the public interest. Therefore, in accordance with Commission Rule 4 CSR 240-2.075(4), the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Application to Intervene of the Midwest Gas Users' Association is granted.
2. This order shall become effective upon issuance.
