**KCP&L GREATER MISSOURI OPERATIONS COMPANY’S  
RESPONSE TO ORDER DIRECTING FILING**

COMES NOW KCP&L Greater Missouri Operations Company (“GMO”) and for its response to the Missouri Public Service Commission (“Commission”) Order Rejecting Fuel Adjustment Clause Tariff, Schedule A Procedural Conference And Directing The Filing of A Revised Tariff issued in the above captioned dockets on August 15, 2019 (“Order”), responds as follows:

1. On September 5, 2019, the Commission held a procedural conference and directed that the parties file a proposed procedural schedule by September 12, 2019.
2. Staff and OPC have authorized GMO to represent that they agree that it is unnecessary to try the issues related to Auxiliary Power in this proceeding since this issue has been tried as a part of Case No. ER-2019-0067. GMO will use the Auxiliary Power allocation method established in the order in that case when it becomes final and unappealable and will make an adjustment to the next Accumulation Period accordingly.
3. GMO will not seek to recover the \$185,857 (the amount removed by GMO from the FAR associated with Sibley fuel transfers) in accumulation period 24 or any other accumulation

period in its Fuel Adjustment Clause. Therefore, there is no need for a procedural schedule to address this issue.

4. If the Commission finds this resolution acceptable, it is unnecessary to establish a procedural schedule in this matter.

WHEREFORE, GMO respectfully requests that the Commission consider this response to its Order.

Respectfully submitted,
