**ORDER DIRECTING NOTICE AND SETTING INTERVENTION DATE**

Issue Date: July 3, 2006

Effective Date: July 3, 2006

This order provides notice of the application to establish an Infrastructure System Replacement Surcharge (ISRS) filed by Missouri Gas Energy. This order also sets an intervention deadline.

On June 29, 2006, MGE filed an application with the Missouri Public Service Commission under Sections 393.1009, 393.1012 and 393.1015, RSMo Cum. Supp. 2005, requesting that the Commission authorize the company to establish an Infrastructure System Replacement Surcharge for mains, valves, service lines, regulator stations, vaults, and other pipeline system components. Section 393.1015.2(3) requires the Commission to act on MGE's application no later than 120 days after it was filed. That means that the Commission must issue an order regarding the application effective no later than October 27, 2006. With its application, MGE filed a tariff that will implement the surcharge. Unless the Commission suspends that tariff, it will become effective on July 29, 2006.

Section 393.1015.1(2) and Commission Rule 4 CSR 240-3.265(7) requires that the Commission publish notice of Laclede's filing. Therefore, notice of this application

should be made to the general public and those who may be interested, and a date set for intervention requests.

The Commission will require that its Data Center mail a copy of this notice to the County Commissions of the counties that MGE serves. Also, the Commission's Public Information Office shall make notice of this order available to the media serving MGE's service area as listed above and to the members of the General Assembly representing that service area.

2. The Information Officer of the Missouri Public Service Commission shall serve notice as set out in the body of this order.
