OF THE STATE OF MISSOURI**

In the Matter of FERC Docket No.)
CP07-450, MoGas Request for)
Authorization under Blanket Certificate) **Case No. GO-2009-0094**

ORDER REQUIRING STAFF RESPONSE

Issue Date: September 16, 2008

Effective Date: September 16, 2008

On September 9, 2008, MoGas Pipeline, LLC, an interstate pipeline, filed a petition at the Missouri Public Service Commission, seeking to have the Commission rule that its intervention in a matter before the Federal Energy Regulatory Commission was improper.

A review of the application raises a number of potential issues affecting not only this case but the other instances in which the Commission intervenes in matters at the FERC, files comments in FERC dockets and retains outside counsel to handle certain matters. The Commission requires the Staff to respond to the application, addressing those instances as well as giving Staff's opinion as to the appropriate disposition of the application.

IT IS ORDERED THAT:

1. Staff shall file a response that addresses the concerns noted above on or before September 26, 2008.

2. This order shall become effective on September 16, 2008.
