1. My name is Abby Herl. I work in Kansas City, Missouri, and I am employed by Kansas City Power & Light Company (“KCP&L”) as Manager – Fuels, Emissions & RECs.
2. KCP&L is in compliance with Rule (7)(A)1M as outlined on Page 7, Section 2.13 of KCP&L’s 2012 Annual Renewable Energy Standard Compliance Report (“2012 Compliance Report”).

4. KCP&L is still establishing the mechanics of the revenue requirement cap established by the rule. Further, KCP&L has received approval for an accounting authority order to capture the costs of compliance until its next general rate proceeding. For these reasons, KCP&L is unable to accurately determine the amount of over- or under- compliance costs at this time.

7. GMO is still establishing the mechanics of the revenue requirement cap established by the rule. Further, GMO has received approval for an accounting authority order to capture the costs of compliance until its next general rate proceeding. For these reasons, GMO is unable to accurately determine the amount of over- or under- compliance costs at this time.

8. I have knowledge of the matters set forth therein. I hereby swear and affirm that this information is true and accurate to the best of my knowledge, information and belief.
