## Plans and Specifications

Specifications were completed in September 2018 with final copies provided either as part of the original application in the case or subsequently in response to MPSC DR 0001 or one of the supplemental responses thereto. Plans will be further developed, reviewed, and finalized in 2019. Ameren Missouri will file complete plans and specifications with the Public Service Commission prior to commencement of construction in the third quarter of 2019 (plans will be provided for the near term construction but may not be available for all future activities at the start of construction of the first activity - for instance, electrical plans may not be final at the time civil construction commences).
