STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and for its recommendation states:

1. On November 18, 2008, Mid-Missouri Telephone Company (the Company) filed notification with the Missouri Public Service Commission (the Commission) that the Company had elected to waive certain Commission rules and statutory provisions pursuant to RSMo Section 392.420.

2. On November 26, 2008, the Commission issued its *Order Directing Filing of Staff Recommendation*, ordering Staff to file a recommendation in this matter no later than December 9, 2008.

3. The Company's reference to RSMo Section 392.420 refers to the statute as revised by the passage of House Bill 1779, which became effective August 28, 2008.

4. Section 392.420, as amended by House Bill 1779, states in relevant part:

In the case of an application for certificate of service authority to provide basic local telecommunications service filed by an alternative local exchange telecommunications company, and for all existing alternative local exchange telecommunications companies, the commission shall waive, at a minimum, the application and enforcement of its quality of service and billing standards rules, as well as the provisions of subsection 2 of section 392.210, subsection 1 of section 392.240, and sections 392.270, 392.280, 392.290, 392.300, 392.310, 392.320, 392.330, and 392.340. Notwithstanding any other provision of law in this chapter and chapter 386, RSMo, *where an alternative local exchange*

telecommunications company is authorized to provide local exchange telecommunications services in an incumbent local exchange telecommunications company's authorized service area, the incumbent local exchange telecommunications company may opt into all or some of the above-listed statutory and commission rule waivers by filing a notice of election with the commission that specifies which waivers are elected. In addition, where an interconnected voice over internet protocol service provider is registered to provide service in an incumbent local exchange telecommunications company's authorized service area under section 392.550, the incumbent local exchange telecommunications company may opt into all or some of the above-listed statutory and commission rule waivers by filing a notice of election with the commission that specifies which waivers are elected.

(Emphasis added).

5. The Company is an incumbent local exchange telecommunications company as that term is used in Section 392.420. Furthermore, in the attached Memorandum, labeled as Appendix A, Staff states its position that prior Commission cases adequately demonstrate both that alternative local exchange telecommunications companies and interconnected voice over internet protocol service providers are authorized or registered to provide service in the Company's service territory.

6. The Company is currently compliant in obligations relating to Commission assessment, Missouri Universal Service Fund, Relay Missouri, and the submission of an annual report.

WHEREFORE, Staff recommends that the Commission acknowledge the Company's election to opt into the waivers listed in its *Notice of Election for Waiver of Commission Rules and Statutes* and direct the Company to list these waivers in its tariffs.

Respectfully submitted,

/s/ William K. Haas

MEMORANDUM

To: Missouri Public Service Commission Official Case File
Case No. IE-2009-0201
Company Name: Mid-Missouri Telephone Company

From: Sara Buyak
Telecommunications Department

Utility Operations Division/Date

Subject: Request for Waivers

Date: December 9, 2008

Mid-Missouri Telephone Company, an incumbent local exchange telecommunications carrier, filed a Notice of Election for Waiver of Commission Rules and Statutes pursuant to Section 392.420, RSMo, as amended by House Bill 1779, effective August 28, 2008. The Commission Staff (Staff) has no objections to the requested waivers identified in the filings.

In Case No. TA-2009-0083, Verizon Access Transmission Services (Verizon) obtained authority to expand its certificated area to provide service in all Missouri exchanges, including those of the above named incumbent local exchange carrier. In Case No. TA-2009-0108, XO Communications Services, Inc. (XO) obtained authority to expand its certificated area to provide service in all Missouri exchanges, including those of the above named incumbent local exchange carrier. Although both Verizon and XO were granted statewide authority, Staff notes that neither carrier has filed the necessary tariffs to effectuate its certificate and neither carrier has indicated the presence of customers in any area served by the above named local exchange carriers.

In Case No. DA-2009-0096, Verizon Business Services was issued a VoIP registration to provide service statewide. In Case No. DA-2009-0107, XO was issued a VoIP registration to provide service statewide. Although these VoIP telephone companies have been granted authority to provide service in the above named company areas, Staff notes that neither Verizon or XO have as yet indicated the presence of customers in any area served by the above named local exchange carriers.

Section 392.420 RSMo describes a process for obtaining waivers of the requested Commission rules and statutes. The specific wording of this statute suggests an interconnected voice over Internet protocol service provider or competitive local exchange carrier simply has to be authorized within the incumbent's area and does not actually need to be providing service. In this regard, Staff has little discretion but to

recommend the Commission recognize that the company has elected to opt into the above listed statutory and Commission rule waivers.

Mid-Missouri Telephone Company requests the Commission waive the following:

4CSR 240-3.550 (4) and (5) (A)
4CSR 240-32.060
4CSR 240-32.070
4CSR 240-32.080
4CSR 240-33.040 (1) through (3) and (5) through (10)
4CSR 240-33.045
392.290
392.300
392.310
392.320
392.330
392.340

Staff recommends the Commission grant to the company all of the waivers listed above and direct the company to list these waivers in the tariffs.

Mid-Missouri Telephone Company is not delinquent in filing an annual report, paying the PSC assessment, paying USF, and paying Relay.
