- 1 ROBERT P. SCHWERMANN, having first been duly sworn,
- 2 testified as follows:
- 3 DIRECT EXAMINATION BY MR. WILLIAMS:
- Q. State your full legal name for the record,
- 5 please.
- A. Robert P. Schwermann, S-c-h-w-e-r-m-a-n-n. My
- office address is 10777 Barkley, B-a-r-k-l-e-y,
- 8 Suite 210, Overland Park, Kansas 66211.
- 9 Q. Mr. Schwermann, where do you reside?
- 10 A. In Olathe, Kansas.
- 11 Q. Okay. Do you have a residence at the Lake of the
- 12 Ozarks?
- 13 **A. No.**
- Q. Okay. You're familiar with an entity known as
- the Camden County Public Water Supply District No. 4; is
- 16 that correct?
- 17 A. Correct.
- 18 O. What is your affiliation with that entity?
- 19 A. I'm the Water District's financial advisor.
- 20 Q. And how long have you held that position?
- 21 A. I think we signed the contract around 2003.
- 22 Somewhere in that area.
- Q. Okay. Now, what are your duties as financial
- 24 advisor for the Water District?
- 25 A. Basically, when they have a need for bond issue

- funds or lease funds, several different avenues to
- 2 arrange, you know, financing. We're responsible for
- 3 developing the official statement, for developing the
- 4 potential purchases and the securities, to working with
- 5 the bond counsels to try to develop the best set of
- 6 possible covenants that we can get, you know, for an
- 7 underwriting.
- 8 If a bond election were necessary, we handle the
- 9 materials for writing up the literature to pass a bond
- 10 election, to appear before various, you know, public
- 11 bodies and things like that. Generally, just taking an
- 12 entity from the time they feel they need funds to the
- 13 actual point of somebody writing them a check, you know,
- 14 to receive those funds.
- MR. MARSHALL: Greg, could I interrupt here just
- 16 a minute, just to ask him a question?
- 17 MR. WILLIAMS: Uh-huh.
- MR. MARSHALL: I don't want this on the record,
- 19 obviously. Mr. Schwermann, just so there is not any
- 20 misunderstanding --
- MR. WILLIAMS: He does want it on the record.
- MR. MARSHALL: I do want it on the record.
- 23 So that there's no misunderstanding with either
- 24 Mr. Williams or Mr. Harms, we met, I guess, one of the
- 25 two days we were in trial -- in court, that's where I

- first met you; is that correct?
- 2 THE WITNESS: Yes.
- 3 MR. MARSHALL: And on Monday of this week I
- 4 called you; is that correct?
- 5 THE WITNESS: Correct.
- 6 MR. MARSHALL: And at that time, did I advise you
- 7 that I represent the Public Water Supply Direct No. 4?
- 8 THE WITNESS: Correct.
- 9 MR. MARSHALL: And that I did not represent you
- 10 personally?
- 11 THE WITNESS: Correct.
- MR. MARSHALL: And did I advise you that if you
- 13 chose to have an attorney of your choice, you could have
- one here today if you made that decision; is that right?
- 15 THE WITNESS: That's correct.
- 16 MR. MARSHALL: And you have voluntarily agreed to
- 17 come here today and appear without counsel; is that
- 18 correct?
- 19 THE WITNESS: That is correct.
- 20 MR. MARSHALL: Okay.
- 21 MR. WILLIAMS: Is that all, Larry?
- MR. MARSHALL: Yup. That's it.
- MR. WILLIAMS: All right. Thank you.
- MR. MARSHALL: I just wanted to clarify that so
- 25 you two would understand. I didn't get a chance to tell

- 1 you beforehand.
- 2 BY MR. WILLIAMS:
- Q. Mr. Schwermann, in light of some of the questions
- 4 Mr. Marshall asked you, let me back up a little bit and
- 5 cover some bases here. My name is Gregory Williams. I
- 6 represent the City of Sunrise Beach with respect to a
- 7 lawsuit pending, in which the Camden County Water Supply
- 8 District No. 4 has requested to annex some territory.
- 9 A. Correct.
- 10 Q. Also in the room with us here is Jay Harms. He
- 11 represents the City of Lake Ozark also in that
- 12 litigation. And, of course, Mr. Summers is an employee
- of the Water District as well.
- 14 Have you had your deposition taken before?
- 15 A. Many, many, many years ago.
- 16 Q. Okay.
- 17 A. More than I'd like to say.
- 18 Q. All right. Generally, the purpose of a
- deposition is to find out information which is relevant
- 20 to issues in a lawsuit.
- 21 A. Okay.
- Q. I will be asking you a series of questions, as we
- 23 have started down that path.
- 24 **A.** Uh-huh.
- Q. It's important that you wait for me to finish the

- 1 question and then begin your answer, and I, likewise,
- 2 will wait to allow you to answer before I start the next
- question, in order that our court reporter here is able
- 4 to make a clear transcript of what's transpired, so we
- 5 don't talk over each other, so to speak. Is that
- 6 agreeable with you?
- 7 A. Correct. Sure.
- Q. And the questions I'm going to ask are designed
- 9 to find out information that's relevant. If at any time
- 10 a question is not clear to you, what information I'm
- 11 asking for, or if you're confused or uncertain, would
- 12 you please just ask me to repeat or rephrase the
- question, so you do understand what I'm asking you?
- 14 A. Yes.
- Q. So that if you answer a question, we can agree
- 16 then that before you started your answer, you understood
- what was being asked of you, okay?
- 18 A. Okay.
- 19 Q. All right. Now, it is important also that we
- 20 speak in a somewhat formal manner, in the sense that we
- say yes and no, as opposed to uh-huh or huh-uh, because
- 22 the way that the court reporter types that down may or
- 23 may not mean what you intended later. Is that agreeable
- 24 with you?
- 25 **A. Yes**.

- 1 Q. All right. Very good, sir. Now, on the last
- 2 series of questions I asked you, you used the word "we"
- 3 repeatedly, as opposed to you as financial advisor to
- 4 the District.
- 5 **A. Uh-huh.**
- 6 Q. Who is we?
- 7 A. That's probably a misnomer. I mean, I --
- 8 Q. Okay.
- 9 A. I guess when I say we, I just think in terms of
- 10 Ranson & Company, but I am the only person that
- officially advises the Water District.
- Q. Okay. You have a company that you're affiliated
- with called Ranson Financial Corp; is that correct?
- 14 A. That is true. Yes.
- Q. And is that -- is there anyone involved in that
- 16 company other than you?
- A. Yes. I am -- there's four principle partners.
- 18 I'm 25 percent. My son is 25 percent; that's William
- 19 Brian Schwermann. A gentleman named Jack Ranson,
- 20 where the name Ranson Financial Corp comes from, has
- 21 25 percent. And another gentleman by the name of
- John Haus, who does a lot of analytical work for us on
- 23 refunding bond issues and things like that, has
- 24 **25** percent.
- Q. Okay. So the business of Ranson Financial

- 1 Corporation would be?
- A. Financial advisory to cities, water districts,
- 3 entities at issue, you know, public purpose, municipal
- 4 debt.
- 5 O. Okay. Does that company also underwrite those
- 6 offerings?
- 7 A. No.
- 8 Q. Okay.
- 9 A. No. We do no underwriting.
- 10 Q. Do you have existing relationships with
- 11 underwriting companies?
- 12 A. Only in the sense that when we have a bond issue,
- 13 we will contact -- and it depends upon the
- 14 municipality's direction to us on how they want to sell
- 15 the bonds. There's two ways. One is, you can do a
- 16 negotiated issue. The other way, you can do a public
- 17 sale.
- If we do a public sale, then we're responsible,
- 19 like I sort of indicated before, to help write the
- 20 documents that are all distributed to any number of
- 21 underwriters. It might be 10. It might be 200, you
- 22 know. In -- in a negotiated sale, we generally are
- 23 responsible for contacting who we believe are the most
- 24 logical underwriters for that particular type of issue,
- 25 and this may be anywhere from three to four.

- 1 Typically not a real huge amount. But the ones
- 2 that we feel can do the best job of selling that
- 3 security, who can give us what we believe are the best
- 4 interest rates and the best terms. And a lot of times,
- 5 terms are very important and it's one of the things that
- 6 many cities sort of ignore. They look at, here's the
- 7 interest rate, oh, that's our best deal. It might be.
- 8 It might not be. Your ability to issue additional debt,
- 9 the covenants, things like that are very important in a
- 10 bond issue.
- 11 Q. All right. How old are you, sir?
- 12 A. Sixty-six.
- 13 Q. All right. And how long have you been in the
- 14 financial advisory and bond business?
- 15 A. Since '64.
- 16 O. Okay. Now, Mr. Schwermann, do you have any
- 17 existing business relationships with Roger Sallee, other
- than in his position as president of Public Water Supply
- 19 District No. 4 of Camden County?
- 20 **A. Yes.**
- Q. And what is that business relationship?
- 22 A. It's a former business relationship.
- 23 **Q.** Okay.
- 24 A. Other than him being president of the Water
- 25 District Board. I probably have to take you back to

- when I became an original owner of Ozark Shores Water
- Company, which was -- and I've got some dates. I want
- 3 to make sure that I don't misrepresent a date. I
- 4 purchased my particular shares in Ozark Shores in 1999.
- 5 It is my understanding that when the Ozark Shores
- 6 Water Company was originally formed, which I think was
- 7 in 1992 -- and it was formed to purchase the water
- 8 company from the Four Seasons Group. In 1992 there
- 9 where the Greenstreets, which was the Green family,
- 10 owned, I think, 65 percent. That's when they purchased
- 11 from the Four Seasons Group.
- The Green family owned 65 percent. Vern Stump
- owned 25 percent, who is my, you know, associate in
- 14 other water companies. Then there were four other
- gentlemen that owned very minor participations. A John
- Dunn, a Jim Swearingen, a Jack Baker and a Roger Sallee.
- 17 MR. MARSHALL: I'm -- just so it's clear, I'm
- 18 going to object to the answer he's given, because it's
- 19 not a direct response to your question about his
- 20 relationship with Roger Sallee.
- MR. WILLIAMS: Okay. Well, I think it is, but
- 22 we'll ask another question.
- MR. MARSHALL: I understand.
- 24 BY MR. WILLIAMS:
- Q. If I understand what you've laid out for us,

- 1 Mr. Sallee owned stock in Ozark Shores from 1992 at
- 2 least up until the time that you acquired stock in the
- 3 company; is that correct?
- A. When -- when we purchased the company, we
- 5 purchased all the stock except for the four gentlemen
- 6 who owned very minor portions. It accumulated to about
- 7 ten percent.
- 8 Q. And those four, did that include Mr. Sallee?
- 9 A. Yes. Yes.
- 10 **Q.** Okay.
- 11 A. I don't know the exact split-up. It was about
- 12 ten percent. I assume each had two-and-a-half percent.
- 13 **Q.** Okay.
- 14 A. Very minor portions.
- 15 O. So when you bought Ozark Shores, Mr. Sallee
- 16 continued to own stock in the company?
- 17 A. Yes. Yes. Until 2001.
- 18 Q. Okay.
- 19 A. We bought out Mr. Dunn and Mr. Swearingen in
- 20 2000. We bought out Mr. Baker and Mr. Sallee in 2001.
- 21 Q. All right. And is there any other business
- 22 relationship that you have with Mr. Sallee at this
- 23 point?
- 24 A. Mr. Sallee owned the building that Ozark Shores
- officed out of when -- when we purchased the company,

- 1 and also when we purchased his stock. And shortly after
- 2 that we purchased the building from him.
- 3 Q. Okay.
- A. And he has a note that he and his wife carry back
- on the building. That is to expire in about eight
- 6 months, and we'll probably go get a bank loan and just
- 7 carry that from that point on.
- 8 He also rents -- in the building that we have, he
- 9 also rents a very small portion of space in the back
- 10 that he pays, like, \$200 to store parts and things for
- 11 his water cars, whatever they are.
- 12 Q. Okay. Any other business relationships with
- 13 Mr. Sallee?
- 14 A. No business relationships of any kind. No
- 15 understandings, no -- no entanglements, no stock
- 16 ownership somewhere else in some other state. We have
- zero relationship. Other than he's president of the
- 18 board in the Water District.
- 19 Q. Now, with respect to Randy Thompson, you're
- 20 familiar with him as well; is that correct?
- 21 **A. Yes.**
- Q. Do you have business relationships with him?
- 23 A. No.
- Q. And with respect to Dr. Ronald Massie, do you
- 25 have any business relationships with him --

- 1 A. No.
- Q. -- other than through the Water District?
- 3 A. Or any other board member.
- 4 Q. Okay. So that would include Harrell Dryden and
- 5 Gayle Repetto also?
- 6 A. Correct.
- 7 O. All right. Now, Mr. Summers, who is listed as
- 8 the manager of the Water District, do you have any
- 9 business relationships with him?
- 10 A. No. No. We own no properties jointly or
- 11 anything like that.
- Q. Okay. With respect to -- is he employed by any
- 13 corporations in which you are a shareholder?
- A. We own a small water utility. I think it has
- 15 65 or 100 customers, which is a remnant of a utility --
- 16 large utility that we owned up in the Chicago area, and
- 17 John runs that for us.
- 18 Q. And what water company is that?
- 19 A. Can I ask John the official name of that company?
- 20 John?
- 21 MR. SUMMERS: Is that okay?
- MR. WILLIAMS: Absolutely.
- MR. SUMMERS: The official name is Northern
- 24 Illinois Investment Group. We call it the Fairhaven
- 25 Water Subdivision.

- 1 THE WITNESS: Yeah. That's what I was going to
- 2 say. It's a very small subdivision up by a town called
- 3 Barrington in Chicago.
- 4 MR. WILLIAMS: Okay.
- 5 MR. HARMS: Fairhaven Water District.
- 6 MR. SUMMERS: We call it Fairhaven Water Company.
- 7 We just use the name of the subdivision.
- 8 MR. HARMS: This is in northern Illinois.
- 9 BY MR. WILLIAMS:
- 10 Q. All right. Any other companies that you're
- involved with that employ Mr. Summers?
- 12 A. No.
- 13 Q. All right. Have you ever employed Mr. Summers
- 14 through any of your corporations, other than the one
- 15 you've testified to?
- 16 A. No.
- 0. All right. Also listed in the minutes of the
- 18 Water District is David Crable (phonetic spelling) as
- 19 the district engineer.
- 20 A. Correct.
- 21 Q. Are you familiar with Mr. Crable?
- 22 **A. Yes.**
- Q. Do you have any business relationships with him,
- 24 other than through his water district?
- 25 **A. No.**

See

- Q. Have you ever had any?
- 2 A. No. I don't believe Mr. Crable's ever been an
- 3 engineer over one of my projects.
- 4 Q. Okay. And then it lists as a representative of
- 5 Ozark Shores Water Company Vernon Stump?
- 6 A. Yes.
- Q. Do you have any business relationships with
- 8 Mr. Stump?
- 9 A. Yes, I do.
- 10 Q. And what would those be?
- 11 A. We've been partners in a number of water
- 12 companies that we've owned over the years. Like I
- 13 mentioned, we had one up in Chicago that we sold to the
- 14 City of Glenview. We were partners in a company that
- 15 served the City of Great Bend, Kansas -- the water
- 16 system in Great Bend, Kansas. We own -- and by we, I
- 17 guess I should say his wife and I, rather than Vern,
- 18 because I think Vern -- and I don't know why his wife
- owns the stock rather than Vern. Maybe estate purposes.
- 20 I don't know. I don't know. But -- so when I say
- 21 Vern -- when it comes to ownership, I think I'm
- referring to his wife (Sally) more than it is Vern.
- Q. Would it be accurate to say that your business
- 24 interactions are with Mr. Stump, although the ownership
- 25 may be in the name of Ms. Stump?

- 1 A. Yes.
- Q. All right.
- 3 A. Yes.
- 4 Q. Okay. What other entities do -- you were making
- 5 us a list there?
- 6 THE WITNESS: I'm trying to think. John, can you
- 7 think of anything else we've owned together?
- 8 MR. SUMMERS: Go through those again.
- 9 THE WITNESS: We owned the Great Bend system, it
- 10 also, as a company, because we bought it from another
- 11 private utility -- Beacon Electric Company. It owned
- 12 four little tiny towns also, which since we owned Great
- 13 Bend, it just came in the package. Clearwater -- I just
- 14 don't remember. There were little tiny towns. Malvane
- 15 (phonetic spelling).
- 16 BY MR. WILLIAMS:
- Q. Well, you speak of these as though they were in
- 18 the past. I take it --
- 19 A. They are in the past.
- 20 Q. -- you no longer own those?
- 21 A. Yes, we have sold those.
- 22 Q. Do you have any current investments with
- 23 Mr. Stump or his wife?
- 24 A. The three water companies we have right here.
- 25 **Q.** Okay.

- 1 A. (Ozark Shores -
- Q. And those would be what?
- 3 A. Sorry. I almost talked over you.
- Q. She'll throw something at you if it gets too bad.
- 5 A. Ozark Shores, Lake Region and the Meadows.
- Q. Okay. And how long have you and Mr. Stump owned
- 7 an interest in Ozark Shores Water Company?
- 8 A. Since 1999.
- 9 MR. MARSHALL: Let me object to the form of the
- 10 question, because I think he said the ownership was in
- 11 \Sally Stump rather than Vern Stump.
- 12 BY MR. WILLIAMS:
- 13 Q. How long have you and the Stumps owned an
- 14 interest in this company?
- 15 A. Since 1999.
- Q. And then with respect to Lake Region Water and
- 17 Sewer Company, how long have you and Mr. and Ms. Stump
- 18 had an interest in that entity?
- 19 **A**. 2004.
- 20 Q. And then you mentioned another company called the
- 21 Meadows Water Company?
- 22 A. Right.
- Q. And that is a utility company that operates in
- 24 the vicinity of Springfield, Missouri?
- A. Yes. Yes.

- Q. And how long have you and Mr. and Ms. Stump had
- 2 an interest in that company?
- 3 A. I think we bought -- I'm not specific on that
- 4 date, but it would have been '99 or 2000. Somewhere in
- 5 that range. We've owned it five or six years, wouldn't
- 6 you say, John?
- 7 MR. SUMMERS: Uh-huh. Yes.
- 8 MR. WILLIAMS: Okay.
- 9 MR. MARSHALL: Sorry. You're not under oath and
- 10 you're not on this transcript, so you don't have to
- 11 answer to her.
- MR. WILLIAMS: We appreciate your effort to
- 13 assist Mr. Schwermann in getting his answers correct.
- 14 THE WITNESS: That's all I'm interested in, is
- 15 that the answers be correct.
- 16 BY MR. WILLIAMS:
- 17 Q. Now, tell me about the business dealings between
- 18 Lake Region Water and Sewer Company, Ozark Shores Water
- 19 Company, the Meadows Water Company and the Public Water
- 20 Supply District No. 4 that you -- as you understand
- 21 them, please.
- 22 A. When you say dealings, I assume you mean business
- 23 relationships --
- 24 **Q. Yes.**
- 25 A. -- which is all we would have.

CAME REGION

Mericons

- 1 Q. Uh-huh. Elfwhith
- A. The Water District, what I would call, operates
- 3 those facilities for us. They provide the people,
- 4 equipment, you know, just whatever's necessary to
- 5 operate those facilities for us.
- 6 O. Okay. And you're talking about all three of the
- 7 water companies?
- 8 A. Correct.
- 9 O. So your understanding is that Camden County
- 10 Public Water Supply District No. 4 is the operator of
- 11 the water and sewer systems owned by the three utility
- 12 companies that you and the Stumps own; is that a
- 13 correct --
- 14 A. Correct.
- 15 Q. -- statement?
- 16 A. That is correct.
- 17 Q. All right. And how long has the Water District
- 18 operated those companies?
- 19 A. I think since about 2002.
- Q. Okay. Were you involved in setting up that
- 21 operating arrangement?
- 22 A. It was actually suggested by Mr. Summers that --
- 23 the Water District is small, and it would be beneficial
- 24 for everyone if the Water District could benefit from
- 25 the knowledge that our employees have, the capabilities

- of, you know, our personnel, the staff, the benefits
- 2 that would accrued to the employees are better than what
- 3 have, because they could come under the State's law
 - have, because they could come under the beate b It.
- 4 program and stuff like that.
- 5 MR. MARSHALL: Well, I'm going to object, because
- 6 again, it's not responsive to the question. And I know
- 7 you're going to follow it up, but the question was --
- 8 his answer is far beyond the question you asked him.
- 9 MR. WILLIAMS: I think his answer is directly on
- 10 point to the question asked, but I'll be happy to ask
- 11 another one.
- 12 BY MR. WILLIAMS:
- 13 Q. Now, Mr. Schwermann, you've indicated that the
- 14 suggestion came from Mr. Summers; is that correct?
- 15 A. Yes.
- 16 Q Who was Mr. Summers employed by at the time that
- 17 this business arrangement was created?
- 18 / A. The Water District.
- 19 Q. Okay. Had he ever been employed by any of your
- 20 water and sewer utility companies?
- 21 A. No.
- 22 Q. All right. And at the time that this arrangement
- 23 with the District was created, who was in charge of
- 24 operating your water utility companies?
- 25 A. Vern and I.

- Q. Okay. You mean Vern Stump?
- A. Vern Stump and I, yes.
- Q. All right. Did you have any employees of those
- 4 companies at that time?
- 5 A. Yes. The companies had people who were operating
- 6 the companies.
- Q. Okay. And who was active in the management of
- 8 those employees?
- 9 A. I'm trying to think when I purchased it Roger
- 10 might have been the manager.
- 11 Q. You're referring to Roger Sallee?
- 12 A. Yes. Yes.
- 13 Q. Okay. So he would have been the person who
- 14 generally supervised the employees of the utility
- 15 companies?
- 16 **A. Yes.**
- 17 Q. All right. So the employees of your utility
- 18 companies at some point then became employees of the
- 19 District; is that how that worked?
- 20 A. Yes. But my times must be off, because when
- 21 we -- I'll think about this. When I purchased my shares
- 22 of the stock, I think Roger no longer was operating very
- 23 long after that.
- 24 **Q.** Okay.
- 25 A. I mean, he quit, you know, because we purchased

- 1 his stock. So -- so there must have been someone --
- 2 would that have been Carl Ake? Okay. That -- missed a
- 3 spot in there. When Roger -- when we bought Roger's
- 4 stock, I think he quit being the manager. Then we had a
- 5 gentleman named Carl Ake who was managing up until the
- 6 Water District started operating the system.
- 7 MR. MARSHALL: How do you spell Mr. Ake's last
- 8 name?
- 9 THE WITNESS: I think it's A-c-k-e.
- 10 MR. SUMMERS: I believe it's just A-k-e.
- 11 THE WITNESS: A-k-e.
- 12 BY MR. WILLIAMS:
- 13 Q. All right. And how long did that gentleman
- 14 operate the entity before you turned over the operation
- 15 to the District?
- 16 A. I'm not positive. I guess a couple of years.
- 17 Q. Okay. Now, Mr. Schwermann, as financial advisor
- 18 of the District, are you familiar, generally, with the
- 19 (geographic boundaries that it's authorized to operate
- 20 in?
- 21 **A. Yes.**
- 22 Q. And you would agree with me that that -- at the
- 23 present time it's limited to an area on Horseshoe
- 24 **Bend** --
- 25 **A. Sure**.

- Q. -- at the Lake of the Ozarks?
- 2 A. Correct.
- 3 Q. You would also agree with me that your water and
- 4 sewer systems with the Meadows Water Company are not
- 5 located within the geographic boundaries of the
- 6 District; isn't that right?
- 7 A. Correct.
- Q. And that a substantial portion of the facilities

 9 of Lake Region Water and Sewer Company are not located

 10 within the boundaries of the District either; is that
- 11\ correct?
- 12 A. Correct.
- 13 Q. Are all of the facilities of Ozark Shores Water
- 14 Company located within the boundaries of the District?
- 15 \ A. I believe so.
- Q. Okay. Do you have any business relationship with
- 17 Bob Pole or the firm of Pole & Pole or their predecessor
- 18 Holman, Hansen & Colville, other than as legal counsel
- 19 to the District?
- 20 A. No.
- Q. Okay. Now, this management arrangement, I
- 22 presume before that time, your utility companies either
- jointly or severally each had employees that were
- 24 employed by them; is that correct?
- 25 **A. Yes.**

- Q. And which way was it? Did you have a group of
- 2 employees that served all of the companies or did you
- 3 have separate employees in each company?
- A. When we purchased Ozark Shores, it had its set of
- 5 employees.
- 6 Q. Okay.
- 7 A. When we purchased Lake -- Meadows, it had some
- 8 employees.
- 9 Q. Okay.
- 10 A. We then, since the Meadows was such a small
- 11 company, disbanded those employees and operated the
- 12 Meadows system from our Ozark Shores system.
- 13 \ Q. Okay.
- 14 A. And in 2004 when we purchased the Lake Region
- 15 system, the Water District was operating our systems at
- 16 that time, so they became the operator just for default
- of that system, and there were, I don't know, two or
- 18 three employees that came along with it.
- Q. Okay. So the employees that -- you testified you
- 20 entered into this agreement with the District.
- 21 **A.** Uh-huh.
- 22 Q. Did the employees that Ozark Shores had at that
- 23 time then become employees of the District?
- 24 A. Yes.
- 25 Q. All right. Now, the District has provided some

- 1 contracts indicating that your various utility companies
- 2 make payments to it on an annual basis for the
- 3 employees --
- 4 A. Correct.
- 5 Q. -- reimbursement; is that correct?
- 6 A. Correct.
- 7 Q. Or maybe it's a monthly basis.
- 8 How was -- were those amounts determined?
- 9 A. I think they just essentially came from what our
- 10 labor costs were when the Water District assumed
- 11 ownership of the companies -- not ownership, but
- 12 operation of the companies.
- 13 Q. Okay. So you continued to pay the same amount,
- 14 you just paid it to the District --
- 15 A. Yes.
- 16 Q. -- instead of paying it to the employees?
- 17 A. Correct.
- 18 Q. All right. What else changed when this contract
- 19 arrangement was entered into between the utility
- 20 companies and the District, anything?
- 21 A. I'm not sure I understand what you mean by
- 22 change.
- Q. Well, obviously there was a change where your
- 24 employees became the District's employees.
- 25 A. Right.

- Q. Were there any other arrangements entered into at
- 2 that time between the District and your utility
- 3 companies?
- A. I'm trying to think what we would have done.
- 5 They purchased some of our equipment, and that's all
- 6 that I know. I know of nothing else.
- Q. Okay. So there was some equipment that was also
- 8 transferred?
- 9 A. Yes.
- 10 Q. What, by equipment generally, are you referring
- 11 to?
- 12 A. Backhoe, trailer, truck, maybe some hand tools.
- Q. Okay. Who does the utility billing for your
- 14 public utilities?
- 15 A. The District.
- 16 Q. All right. So did you also transfer, I suppose,
- 17 the employees who actually worked in the office?
- 18 A. Yes. Everyone was transferred.
- Q. Okay. And then any billings, software or record
- 20 keeping systems, stuff like -- things of that nature,
- 21 were those also transferred?
- 22 A. Yes.
- Q. Okay. So at the present time do your public
- 24 utility companies have any employees?
- 25 **A. No.**

- Q. Is there anyone on payroll for any of those
- 2 companies?
- 3 A. No.
- 4 Q. Okay. So the District does all your billing --
- 5 A. Yes.
- 6 Q. -- for all of these water companies?
- A. Well, wait a minute. I take that back. We do
- 8 pay John some for helping -- or managing separate from
- 9 the water companies a little 65 or 100 subdivision, you
- 10 know, up in Chicago.
- MR. MARSHALL: Okay. Mr. Schwermann, be sure and
- 12 speak up so the reporter can hear you and don't -- and
- 13 you just shook your head a minute ago. She's not going
- 14 to get a head shake on the transcript very well.
- 15 BY MR. WILLIAMS:
- 16 O. All right. So when these contracts that the
- 17 District has provided state that the utility company
- 18 will reimburse the District each month or a portion of
- 19 the employees' wages, in fact the District receives all
- 20 of the money; is that correct?
- 21 A. Yes. Yes.
- 22 Q. So it deducts out those expenses and gives you
- 23 the rest; is that correct?
- MR. MARSHALL: By you, who do you mean?
- MR. WILLIAMS: The utility companies. I'm sorry.

- 1 THE WITNESS: Say that again.
- 2 BY MR. WILLIAMS:
- Q. Now, the District receives the money.
- 4 A. Right.
- 5 Q. It would deduct out the wages and so forth,
- 6 expenses that it's supposed to collect from the utility
- 7 companies, and then it gives the rest of the money to
- 8 the utility companies?
- 9 A. To the various utilities, yes.
- 10 Q. Okay. Now, the lawsuit that's at issue in this
- 11 matter involves an area of Camdenton County known
- 12 generally as Shawnee Bend. You're familiar with that?
- 13 **A. Yes.**
- Q. Would you speak up just a little louder?
- 15 A. Yes.
- 16 Q. She's also tape recording in case she can't tell
- 17 what it was she typed later, so . . .
- 18 A. Okay. Just holler at me.
- 19 Q. Did you participate in preparing the boundaries
- 20 of that annexation area?
- 21 A. No.
- 22 Q. Okay. Do you know how it was determined what
- 23 area would be included in the proposed annexation area?
- A. John Summers and Mr. Crable pretty much put
- together the boundaries with the Water District.

- 1 Q. Now, can you tell me whether or not the
- 2 annexation area matches the certificated service area of
- 3 Lake Region Water and Sewer Company on the Shawnee Bend
- 4 peninsula?
- 5 A. I do not believe it does. It's not an overlay.
- 6 Q. All right. What is left out?
- 7 A. Can I ask John?
- Q. "I don't know" is an answer, and maybe we will
- 9 ask John, but --
- 10 MR. MARSHALL: No. I'd rather you -- I will
- 11 object if you answer, John. I would just ask you --
- 12 whatever you know, Mr. Schwermann.
- 13 THE WITNESS: I don't know. A fair amount is
- 14 left out, but I don't know how much.
- 15 BY MR. WILLIAMS:
- 16 Q. Okay. My understanding is that Lake Region
- 17 operates a water line to a condominium project called
- 18 Majestic Point; is that your understanding?
- 19 A. Correct.
- 20 Q. And that that area is included in Lake Region's
- 21 certificated service area; is that correct?
- 22 A. If you say it is, I'll believe you. I don't know
- 23 where the boundaries are.
- Q. Okay. You don't have a personal knowledge of
- 25 that?

X

Y

- 1 A. I don't have a personal knowledge of the
- 2 boundaries.
- Q. Okay. All right. Do you know why portions of
- 4/ Lake Region's service area were left out of the District
- 5 \ annexation proposal?
- A. I think they were not needed to serve the purpose
- 7 of providing hydrants to the area that wanted it.
- 8 Q. Okay. Is there a reason why hydrants cannot be
- 9 provided by Lake Region Water and Sewer Company?
- 10 A. We will not pay for them.
- 11 Q. Okay. Why?
- 12 A. Well, previous owners -- there were four of them.
- 13 None of them would provide the hydrants. They're
- 14 expensive and we're just not going to go through that
- 15 cost.
- 16 Q. At the time you acquired Lake Region Water and
- 17 Sewer Company, were there any plans in place for
- 18 providing hydrants in the Porta Cima and Villages
- 19 developments?
- 20 A. I had heard, and this is all hearsay, that the
- 21 previous owner Fritz had talked to them about some
- 22 hydrants, but I know nothing about it.
- Q. Okay. Now, the gentleman you referred to, would
- 24 that be Fritz Ritter?
- 25 **A. Yes.**

- Q. And he was, in fact, the manager of Lake Region
- 2 Water and Sewer at the time you acquired the company?
- 3 A. Yes.
- 4 Q. And how long was he employed by the company after
- 5 you acquired it?
- 6 A. Very shortly.
- Q. Okay. He was terminated very shortly afterwards?
- 8 A. Yes. Yes. Yes.
- 9 Q. Did you ever meet with him to discuss what was in
- 10 progress at the time you acquired the company?
- 11 A. No.
- 12 Q. Did you have any meetings with him at all?
- 13 A. I am not involved in that portion of it. It
- 14 would have been Vern that met with him, and I don't know
- 15 what they may have met with and talked -- we were buying
- 16 the company. Vern might have asked him things about
- 17 future construction, but I was not involved in those and
- 18 I don't know any particulars about them.
- 19 Q. Was your involvement largely in providing the
- 20 finance --
- 21 A. Yes.
- 22 Q. -- for the transaction?
- 23 **A. Yes.**
- Q. All right. Is there anyone other than
- 25 Mr. and Ms. Stump and yourself who owned Lake Region

Mond Ne F250K

- Water and Sewer Company stock? 1
- It's complicated. Lake Region is owned --2 Yes. Α.
- 50 percent is the simple part by Sallee. see page 17 is this
 Q. Okay.

 Ment to say Sally (Sturp) 3
- The other 50 percent is owned by RPS Properties 5
- LP, which is my family limited partnership. BoB Schwarm 6
- Is there anyone not a family member of yours who Q.
- owns part of RPS Properties? 8
- No. It's just between me and my children. 9
- Ο. Okay. 10
- And my wife. 11
- Good thing to add into the transcript. She might 12 Q.
- want to read it later. 13
- She might read this. 14
- All right. So is that somewhat of an estate 15
- planning vehicle for you? 16
- It is an estate planning vehicle. 17
- And are you the general partner --Okay. 18
- Α. Yes. 19
- -- of RPS Properties? 20 Q.
- 21 My wife and I. Α.
- If you will -- I know these are easy questions, 22 Q.
- 23 but please wait for me to finish asking.
- I got you. Okay. 24 Α.
- 25 Well, wait a minute. My son said that the

- general partner, which is called Schwermann Properties,
- 2 its members are I, Brian my son, Susan my daughter, and
- 3 my wife Ann.
- 4 Q. Okay.
- 5 A. Those are the general partners.
- Q. Okay. Now, you're familiar with something that's
- 7 called an availability fee
- 8 A. Yes.
- 9 O. -- that's set out in the declaration of
- 10 restrictions for the various Four Season developments?
- 11 A. Yes.
- 12 Q. Tell us what that is.
- 13 A. I'm not sure I totally know what their purpose
- 14 is. I know they're there. I know we purchased them.
- 15 But legally what their purposes are, I'm not totally
- 16 sure.
- Q. Okay. Well, give us your best understanding of
- 18 what those availability fees purpose is.
- 19 A. In Ozark Shores they go into the gross revenue of
- 20 the company. There is just -- the <u>Public Service</u>
- 21 Commission has used them in calculation of rates, so
- 22 it's just -- so there it sort of doesn't matter. It
- 23 goes right into the company.
- Q. And how much is the monthly availability fee for
- 25 Ozark Shores?

- 1 A. I don't know.
- Q. Okay.
- 3 A. I don't know.
- 4 Q. And so Ozark Shores receives those funds?
- 5 A. Yes.
- Q. And it uses them as part of its business
- 7 operation?
- 8 \setminus A. Yes.
- 9 Q. Okay. And I presume from your answer that
- 10 there's something different going on with respect to
- 11 Lake Region?
- 12 A. Correct. When we purchased Lake Region, the
- 13 /utility itself was purchased totally separate from the
- 14 availability fees. There's no legal tie or connection
- 15 \between the entities.
- Q. And how -- why do you believe that to be true?
- 17 A. 'Cause that's the way it was set up. It's the
- 18 way it was when we purchased it. That's the way the
- 19 former owners had it legally structured, to the best of
- 20 my knowledge.
- Q. Okay. Well, let me ask you this question: Who
- 22 owns the water and sewer systems in the service area
- 23 that Lake Region provides service in?
- A. That's the -- Lake Region, that's the one that's
- 25 50 percent RPS Properties and 50 percent Sallee.

I think listed as Sollee 2K

- 1 Q. Well, let me ask you the question this way: Does
- Lake Region Water and Sewer Company own the water and
- 3 sewer systems, the corporate entity Lake Region?
- A. Yes.
- 5 Q. Okay. So the physical water well, the wastewater
- 6 treatment plant, the collection sewers, the water
- 7 distribution line are all owned by Lake Region Water and
- 8 Sewer Company?
- 9 A. That is correct.
- 10 Q. Okay. And then RPS and Sally Stump own the stock
- of Lake Region; is that how that works?
- 12 A. That is correct.
- 13 Q. Okay. Now, what's your understanding of where
- 14 the obligation to pay the availability fee arises on
- 15 property owners in the Four Seasons development?
- 16 A. I don't know the answer to that.
- 17 Q. Okay. Have you ever seen any documents as to how
- 18 those are created or why people have to pay them?
- 19 A. No.
- Q. You would generally assume they're not just
- 21 voluntarily sending you money, would you?
- A. It's my understanding that they were legally
- 23 created by Four Seasons and that flowed through whoever
- 24 they next sold through, and we assumed whatever legal
- 25 basis there were for them.

- 1 Q. Okay.
- A. I'm sure our attorneys, when we purchased it,
- 3 reviewed those documents to say that you can assume
- 4 these funds will be coming. But have I reviewed the
- 5 documents? No, I have not reviewed the documents.
- 6 Q. Okay. Let me hand you what's previously been
- 7 admitted in evidence in this case as Exhibit H, which is
- 8 the third amended and restrained declaration of
- 9 restricted covenants --
- 10 **A.** Okay.
- 11 Q. -- imposed by Four Seasons. And I won't get
- 12 specific as to which entity of Four Seasons, but the
- development company, on their various subdivisions.
- 14 A. Okay.
- 15 Q. Have you ever examined that sort of document?
- 16 A. No.
- 17 Q. All right. In this document I have marked a
- 18 paragraph that pertains to water system and sewage
- 19 treatment system. Do you see that marked at the
- 20 document (indicating)?
- 21 A. Yes. With the yellow?
- 22 **Q. Yes.**
- 23 **A. Yes.**
- Q. To me it seems to say that it imposes an
- 25 obligation on lot owners to pay the owner of the water

- works system within the Four Seasons development an
- 2 availability fee. You want to take a moment to read
- 3 that and see if you agree with me that that's what it
- 4 says?
- 5 MR. MARSHALL: I'll object to the form of the
- 6 question. It's asking for a legal conclusion, No. 1.
- 7 And No. 2, the document speaks for itself.
- 8 THE WITNESS: Yeah, I'm not an attorney. I will
- 9 assume you are correct.
- 10 BY MR. WILLIAMS:
- Q. Okay. Well, what it says specifically is that
- each lot owner is to pay to the owner of the water works
- 13 system an availability fee. Okay. And then it goes on
- in the next page and says that the owner of the water
- works system will be a privately owned public utility
- 16 authorized by a certificate of public convenience and
- necessity issued by the State of Missouri Public Service
- 18 Commission to operate the water works system. Do you
- 19 see where it says that?
- A. Yes. Yes.
- Q. Now, you would agree with me that the owner of
- 22 the water works system which has a certificate of
- 23 convenience and necessity issued by the Public Service
- 24 Commission is Lake Region Water and Sewer Company, would
- 25 you not?

- 1 A. Correct.
- 2 Q. So the availability fees provided for in this
- 3 document would be paid to Lake Region Water and Sewer
- 4 Company, would they not?
- 5 **À. No.**
- 6 Q. Why not?
- 7 A. We've been told by our attorneys they do not have
- 8 to be.

9

- O. Okay. And who are they paid to then?
- 10 / A. They go to Sally and I, and a portion still goes
- 11 to the Four Seasons Group.
- 12 Q. Okay. Tell me how that works then, as far as the
- 13 portions to the Four Seasons Group.
- 14 A. When we were purchasing the Lake Region Water and
- 15 Sewer Company, it was in a lawsuit I guess with the
- 16 owner -- the Waldo Morris.
- 17 Q. Okay.
- 18 A. He lives out of Iowa. And they had a big legal
- 19 dispute as to who owned portions of those availability
- 20 fees.
- 21 Q. All right.
- 22 A. And what it was all about -- you know, I'm not a
- 23 lawyer. It was their dispute. But when we purchased
- 24 the system, the dispute -- well, we just purchased the
- 25 stock, so the suit came to us then. And we read the

- case and it looked like Four Seasons had a strong case.
- 2 So we just negotiated a settlement with them and they
- 3 retained a large portion of the availability fees,
- X
- 4 because it looked like they would win the case, to us.
- Q. All right. And what was it that they were
- 6 requesting in that case that you believe they had a
- 7 strong suit --
- 8 A. That's --
- 9 Q. -- to your understanding.
- 10 A. Yeah. That's legal judgment and I don't want to
- 11 put words in their mouth.
- Q. Well, can you give me your understanding of it
- 13 then?
- A. It was the way the original contract was worded
- between the sale of Four Seasons to, I believe, the
- gentleman named Slate, who purchased it then. And it
- was my understanding there were certain amounts of
- 18 properties that were built out and there were certain
- amounts that weren't, and maybe not alignments, but I
- 20 don't know. And that the availability fee Four Seasons
- 21 thought was sold to that area that was built out, but
- 22 they didn't go with this other area and -- and I read
- 23 it. If you went to court, I don't know where you would
- 24 wind up. It was just one of those things that language
- wasn't to me specific enough to say which guy would win.

- Q. Okay. So what percentage of the availability
- 2 fees is retained by the Four Seasons Group?
- 3 / A. That is under a very strict confidentiality
- 4 agreement that I cannot reveal.
- 5 Q. Okay. Is that subject to a court order?
- A. I'm not an attorney. I don't know.
- Q. Okay. Well, you've testified that there's a
- 8 confidentiality agreement. I'm trying to determine
- 9 where that comes from.
- 10 A. It's just an agreement between us.
- 11 Q. Now, that would be a written agreement --
- 12 A. Yes.
- 2. between you and Four Seasons?
- 14 A. Yes.
- Q. Now, you do understand you were ordered by the
- 16 Court to appear and give your deposition here today?
- 17 A. Yes.
- Q. And so I'm going to ask you again to tell me what
- 19 the percentage received -- retained by the Four Seasons
- 20 Group is. And if you do not answer that question, then
- 21 I'll have to go back to the Court and ask them to
- 22 specifically order you to answer that question. That is
- 23 a process that we call certifying a question. And the
- Judge then will make a ruling as to whether or not you
- 25 are required to answer that.

- A. I will decline, because I'll probably be sued
- Q. Okay.
- 3 A. Unless a court orders me to say so.
- 4 MR. WILLIAMS: Let's certify that question then,
- 5 if you would, please.
- 6 BY MR. WILLIAMS:
- 7 Q. Now, can you tell me what portion of those
- 8 /availability fees are retained by your company,
- 9 RPS Properties?
- 10 A. Well, if I say the portion, I'm saying -- again,
- 11 I'm violating the confidentiality agreement. So they're
- 12 one and the same.
- 13 Q. Are you refusing then to answer that question?
- 14 A. Yes. (Yes.
- MR. WILLIAMS: All right. Let's certify that
- 16 question as well.
- 17 BY MR. WILLIAMS:
- 18 Q. Now, Mr. Schwermann, can you tell us the total
- 19 amount of money that you receive from these availability
- 20 fees?
- 21 A. I don't know. It goes into these companies, and
- 22 I don't know the amounts.
- Q. Okay. I believe Mr. Summers) testified it was in
- 24 the vicinity of \$400,000 a year. Is that consistent
- 25 with your understanding?

- A. If John said that, I will go along with that
- 2 number.
- Q. All right. All right. You wouldn't disagree
- 4 with him?
- 5 A. No. Nor agree.
- 6 Q. Okay.
- 7 A. I'll just take it as what it is.
- Q. Would he be the person with the best knowledge of
- 9 that?
- 10 A. Yes. Yes, he would.
- 11 Q. All right. Now, is there an entity called Lake
- 12 Availability Water and Sewer something, to your
- 13 knowledge?
- 14 A. What?
- 15 Q. Is there a separate legal entity that these
- 16 (availability fees are paid to?
- 17 A. Yes. And that may be it. I'm not familiar with
- 18 the name, but that may be the entity it goes to.
- Q. So they're not paid to Lake Region Water and
- 20 Sewer Company?
- 21 **A.** (No.)
- 22 Q. And they're (not) paid to RPS partnership; is that
- 23 correct?
- A. Let me ask John.
- THE WITNESS: John, where do the payments go to?

1 MR. SUMMERS:

Lake Utility.

THE WITNESS:

Lake Utility. Okay.

- 3 BY MR. WILLIAMS:
- Q. Okay. Now, let's go back again then to the fire
- 5 hydrant issue. What is there about these fire hydrants
- 6 that makes it impractical or impossible for the utility
- 7 company -- and by that I mean Lake Region Water and
- 8 Sewer Company, to pay for them?
- 9 A. Just don't want to do it.

- 10 Q. Okay. Is there anything other than your
- 11 company's desire not to do it that makes it impossible
- 12 for it to be done?
- 13 A. I don't know.
- 14 Q. Is that no, to your knowledge?
- 15 A. No, to my knowledge.
- 16 Q. All right. So it's simply a matter you don't
- 17 want to?
- 18 (A. Don't want to.
- Q. Okay. Lake Region Water and Sewer Company does
- own a water system; is that correct?
- 21 A. That's correct.
- 22 Q. And the water lines in that system are of a size
- 23 that would enable it to install fire hydrants on those
- 24 lines; is that correct?
- 25 A. That, I don't know for sure.

- Q. Okay. It has large elevated water tanks?
- 2 A. Yes.
- 3 Q. And those tanks are capable of supplying fire
- 4 flows?
- 5 A. I don't know that.
- 6 Q. Okay. So other than desire not to do this, is
- 7 there anything to your knowledge that would prohibit the
- 8 utility company from providing fire hydrants within the
- 9 Porta Cima or Villages developments?
- 10 A. No.
- 11 Q. All right. And is there a particular reason why
- you do not want to provide that service to customers in
- 13 the area?
- 14 A. I don't want to spend the money.

- Q. Okay. And you do receive money from the
- 16 availability fees; is that correct?
- 17 A. Yes.
- 18 Q. All right.
- A. Or -- or trust and things like that. When you
- 20 say (me, I'm not the direct owner of the stock) You
- 21 know it's RPS Properties and things like that. So when
- you say me, you have to be referring to who owns the
- 23 actual stock.
- Q. And the lot owners in these developments, or at
- 25 least in the Porta Cima development, pay this

- availability fee; is that correct?
- 2 A. I believe that's true.
- 3 Q. And you and others get that money?
- A. Others. It may filter down to me in some fashion
- 5 through dividends or something. But, yes, in a
- 6 practical sense I'd say that's true.
- 7 Q. Okay. So what do the lot owners get out of the
- 8 availability fee?
- 9 A. I don't know.
- 10 Q. Do they, to your knowledge, get anything at all?
- 11 A. I don't know.
- 12 Q. Well, do you know of anything they do get?
- 13 A. I don't know.
- Q. Well, that's a yes or no question.
- 15 A. Okay No.

- ***
- Q. Does that mean no, you don't know of anything
- 17 they get?
- 18 A. No, I don't know.
- 19 Q. Okay. Let's take a little break. I might be
- 20 about done.
- 21 A. Okay.
- 22 (A BREAK WAS TAKEN.)
- 23 BY MR. WILLIAMS:
- Q. All right. One more line of questions and I
- 25 think we'll be done.

- 1 A. I need to correct one little thing.
- 2 Q. All right.
- 3 A. I was just talking that Sally and I own half of
- 4 both of these companies, and actually North Suburban,
- 5 you know, that owns the Ozark Shores and the Meadows. I
- 6 own 51.76 percent and she owns 48.24. Why it's split up
- 7 like that, I have no idea. I have no idea.
- 8 Q. Okay.
- 9 A. Evidently somewhere along the line there was some
- 10 stock to buy and I had the money and Vern didn't or
- 11 something like that I don't know. There's no reason
- 12 for it, though. I mean, there's no --
- 13 Q. All right.
- 14 A. That I know of, there's no practical reason for
- 15 it. It just happens to be.
- Q. All right. Mr. Schwermann, let's go back again
- 17 to fire hydrants and the District.
- 18 **A.** Okay.
- 19 Q. Your testimony in this case has been that
- 20 homeowners approached Mr. Summers about obtaining fire
- 21 hydrants through Lake Region Water and Sewer for the
- 22 Porta Cima subdivision. You're aware of that request by
- 23 them?
- 24 A. I think that's true.
- 25 **Q.** Okay.

- A. I'm not involved in the operations a lot, so
- 2 I'll -- I would assume that's true.
- Q. Well, at some point it was brought to your
- 4 attention that folks out there wanted fire hydrants, I
- 5 take it?
- 6 A. Yes. Yes.
- Q. And who brought that to your attention?
- 8 A. I would imagine it would have been probably John
- 9 or our conversation in the Water District meeting, you
- 10 know, that the fire hydrants were wanted out there.
- 11 Q. And at some point were you asked to give advice
- 12 as to how to obtain the necessary funding to install
- 13 those fire hydrants?
- A. I don't believe they ever asked me that question.
- Q. Okay. Have you been involved at all in the
- development of the proposal to annex Shawnee Bend into
- 17 the Water District and raise financing to install fire
- 18 hydrants?
- A. Only in a very generalized fashion. I mean, I've
- 20 not -- from what I understood, they tried a lot of
- 21 avenues. And I don't know what all of those avenues are
- 22 other than when I was at the court hearing when we
- 23 were -- when was it, last Tuesday?
- 24 **Q.** Okay.
- 25 A. Whenever it was. That the lady said that they

- 1 had talked to the developer before and he said he
- 2 wouldn't do it, and that they thought about an NID. And
- 3 I don't know why that didn't work. I don't know what
- 4 they did on that. Just things like that. But I've
- 5 never given them specific, you know, information on how
- 6 to fund a fire hydrant.
- 7 Q. Okay. Has there been any request from the
- 8 District that you participate or advise the District on
- 9 how to finance the construction of fire hydrants on
- 10 Shawnee Bend?
- 11 A. (No) Because they have funds on hand that they
- 12 could pay for their construction, if they elect to use
- 13 those funds to do that.
- Q. Okay. And where did those funds come from?
- 15 A. It was a bond issue they did.
- 16 Q. Okay. And what was the purpose of that bond
- 17 issue?
- 18 A. It was to originally pay for the original
- construction of wells, towers, things like that. And
- 20 whenever -- I can't say it was for every financial
- 21 advisor. But when I do a bond issue, I try to advise
- 22 them that it is cheaper if they think they're going to
- 23 have some needs in the future, to include a few extra
- 24 bond funds so that you don't come back in a year and say
- 25 I want to \$150,000 or something like that in funds. So

- I think we -- we funded an additional \$500,000 for
- 2 potential future construction projects.
- Q. All right. And what was the total amount of that
- 4 bond issue?
- 5 A. Three million
- 6 Q. I'm sorry?
- 7 A. Three million
- 8 Q. Three million dollars. And I presume that you
- 9 acted as financial advisor?
- 10 A. I acted as a financial advisor.
- Q. And did you receive a fee in connection with
- 12 that?

\$ 60,000 60,000 to,000.00

- 13 A. Yes, a two percent fee.
- Q. Okay. Your fee was based on a percentage of the
- 15 amount of the --
- 16 A. Yeah, two percent.
- 17 Q. If you will please --
- 18 A. I'm sorry.
- Q. She is going to start throwing things here before
- 20 too long.
- MR. MARSHALL: Just throw them where they go.
- 22 BY MR. WILLIAMS:
- 23 Q. So you received a percentage of two percent of
- 24 the total amount of the bond issue?
- 25 A. Correct.

- Q. And what was the primary purpose or facility to
- 2 be constructed with those bond funds?
- A. Well, towers, some additional lines. I mean,
- 4 that's basically what it was. We funded a bond reserve.
- We funded a bond reserve, a \$200,000 bond reserve.
- 6 Obviously paid the insurance cost, and gave the
- 7 additional construction fees.
- Q. Now, were these facilities constructed within the
- 9 area for which Ozark Shores Water Company holds a
- 10 certificate of convenience and necessity from the
- 11 Missouri Public Service Commission?
- A. Were all of those -- excuse me.
- Q. If you know the answer to the question, then
- 14 answer it.
- 15 A. I don't. Not for sure.
- MR. MARSHALL: I object otherwise.
- 17 BY MR. WILLIAMS:
- Q. Were they built on Horseshoe Bend?
- 19 A. Yes. Yes, they were built on Horseshoe Bend.
- Q. And were they water facilities?
- 21 A. Yes, they were water facilities.
- Q. And what is the value today for rate making
- 23 purposes, if you know, of the Ozark Shores Water System?
- 24 A. I don't know that number.
- Q. Okay. Do you know how much its annual revenues

- 1 are?
- 2 **A. No.**
- 3 Q. Okay.
- 4 A. I mean, this company --
- 5 Q. If you know.
- 6 MR. MARSHALL: I object. It's not responsive.
- 7 THE WITNESS: Yeah.
- 8 BY MR. WILLIAMS:
- 9 Q. You may go ahead and answer the question.
- 10 MR. MARSHALL: He did.
- 11 THE WITNESS: I don't know.
- 12 MR. WILLIAMS: All right. I don't think I have
- 13 any further questions. Jay
- 14 MR. HARMS: I have just a couple.
- 15 CROSS-EXAMINATION BY MR. HARMS:
- Q. Mr. Schwermann, I -- again, my name is Jay Harms
- and I represent the City of Lake Ozark in this matter.
- 18 City of Lake Ozark --
- 19 A. Yes.
- 20 Q. -- has filed an exception to the proposed
- 21 annexation?
- 22 A. Yes.
- 23 Q. I am digging through here trying to find -- we
- 24 were talking just a minute ago about the \$3 million bond
- 25 issue?

- 1 A. Correct.
- Q. And that \$3 million bond issue was to pay for
- 3 particular -- particular improvements and structures?
- 4 A. Yes.
- 5 Q. There is an agreement, and that's what I'm
- 6 looking for real quick is, in the system operating
- 7 agreement -- are you familiar with the system operating
- 8 agreement between the Water District and Ozark Shores?
- 9 A. Is that the labor?
- 10 Q. No. There's a -- it's not the labor agreement.
- 11 It's actually an operating agreement that was provided
- 12 by counsel. Ms. Aldridge provided me a copy, and I
- apologize, I didn't think I would need it, so I didn't
- 14 pull it out. It's the actual operating agreement
- whereby the Water District agrees to operate -- operate
- 16 Ozark Shores. And there is particular requirements from
- 17 the Water District to build particular structures.
- 18 MR. MARSHALL: Off the record.
- 19 (A BREAK WAS TAKEN.)
- MR. HARMS: All right. Back on the record.
- 21 Thanks.
- 22 BY MR. HARMS:
- Q. Mr. Schwermann, I'm going to hand you this system
- 24 operating agreement. Have you seen this agreement
- 25 before (indicating)?

- A. If I have, it would have been just like I'm doing
- 2 right now, just leafing through it.
- Q. Okay. All right. On the back of it, it's signed
- 4 by Vern Stump --

Venn Stump

- 5 A. Yes.
- 6 Q. -- as president of Ozark Shores; is that correct?
- A. Yeah, but he's not president of Ozark Shores
- 8 am president of Ozark Shores.
- 9 Q. Okay. Has he ever been president of Ozark
- 10 Shores?
- 11 A. I think a long time ago.
- Q. Okay. What's the date on that document again?
- 13 It should be on the very first page of the top
- 14 paragraph.
- 15 A. December 2, 2002.
- 16 **o. 2002?**
- A. No. He might have been president back in 2002,
- 18 because we've changed everything to me being president
- 19 sometime within the last few years. Just for
- 20 practicality, 'cause he was president of some. I was
- 21 president of some. It got confusing when it came time
- 22 to sign documents, and so we've -- where now I'm
- 23 president of everything and my son is secretary/
- 24 treasurer, and I'm close here if the papers needed to be
- 25 signed. You know, I can sign them for John and things

- like that. So Vern might have been president back then.
- Q. Okay. So there's no reason to believe that this
- 3 document was not validly entered?
- A. Oh, sure, I'd say it was.
- 5 Q. Okay. We were talking a minute ago about the
- 6 \$3 million bond issue. On the first page -- or starting
- 7 at the bottom of the first page, there's various things
- 8 that are required to be built by the Water District?
- 9 A. Right.
- 10 Q. Water towers, wells?
- 11 A. Wells.
- 12 Q. Things like that?
- 13 A. Right.
- Q. Is that what that \$3 million bond issue went to
- 15 pay for?
- 16 A. Yes.
- Q. Okay. So that's where the bond issue came from?
- A. That's what its purpose was.
- Q. That's the purpose of it. Okay.
- 20 Do you know if those things were built?
- 21 A. The Palisades was not. It was -- it was aligned
- 22 that that was going to be built and it kept breaking at
- 23 different times, and when we got through with, you know,
- 24 things and it just wasn't needed, for some reason the
- 25 line just was no longer working. So that's also

- probably where some of the money has come from that we
- 2 have in reserve to do the other construction monies and
- 3 things like that that we haven't spent.
- Q. Okay. So this \$260,000 that's proposed for the
- 5 fire hydrants, it could be --
- 6 A. It would almost be this.
- O. Pardon me?
- 8 A. It would almost be this.
- 9 Q. So basically it's there, it's excess funds in the
- 10 Water District because the Palisades line was not built?
- 11 A. Yes. Right.
- Q. Okay. Has there been any talk about any kind of
- 13 action for breach of contract for not building that
- 14 line?
- 15 A. No. We -- we told the District it was no longer
- 16 needed, that the line -- for some reason the -- either
- 17 the engineer Crable made adjustments in pressure valves
- or something somewhere in the District -- 'cause we used
- 19 to just break a lot of lines. I mean, and I'm not
- 20 familiar with this piece of road, but they say it's very
- 21 difficult to work on. You know, straight down and stuff
- 22 like this and there's the water line. And it quit
- 23 breaking the lines, whether they made proper adjustments
- 24 and -- and there was no point to spend the money if we
- 25 didn't need it.

- 1 Q. Okay.
- A. And so we told the District that we didn't think
- 3 we needed -- or the line needed to be built.
- Q. Okay. And this is a water line, not a sewer
- 5 line?
- 6 A. It's a water line.
- Q. Okay. Does Ozark Shores Water and Sewer provide
- 8 any sewer services?
- 9 THE WITNESS: Excuse me, John?
- 10 MR. SUMMERS: No.
- 11 THE WITNESS: No, we don't supply any sewer
- 12 services.
- 13 BY MR. HARMS:
- 14 Q. Okay.
- 15 A. I'm sorry. I just don't know some of these
- 16 things.
- Q. Okay. I think John needs to leave. And that's
- 18 probably not a bad idea or at least -- we're trying to
- 19 get to what you know more than what John knows. All
- 20 right. We already know what John knows, or at least
- 21 parts of it.
- 22 A. Okay.
- 23 Q. The -- how does -- I mean, is there an agreement
- 24 between Palisades and Ozark Shores for the provision of
- 25 water?

- A. Palisades is just sort of the terminology of a
- 2 line name. I mean --
- 3 Q. Okay.
- A. -- it's not a separate system or anything. It's
- 5 **just --**
- 6 Q. Well, it feeds a particular area?
- 7 A. Yes.
- 8 Q. And what's the area that it feeds?
- 9 A. I don't know.
- 10 **Q.** Okay.
- 11 A. I don't know.
- 12 Q. All right.
- 13 A. I'm just familiar with the term Palisades. I
- 14 remember that name.
- Q. Okay. All right. But you're not aware of any
- 16 agreements to provide water to anybody off that line?
- 17 A. No. No. No.
- Q. Okay. And this is just for my own background
- 19 information. Did you have any input or any -- did you
- 20 take any actions to help establish the Water District as
- 21 a corporation?
- 22 A. Only as a financial advisor, if they would have
- 23 asked me, what did you do to form a water district or
- 24 what are the benefits of it and stuff like that.
- Q. Okay. And who would have asked you to do that?

- 1 A. I don't remember.
- Q. Okay.
- 3 A. Somebody back then.
- 4 O. All right. Do you know who formed it? I mean,
- 5 is that a --
- A. It would have been a group of people on Horseshoe
- 7 Bend.
- Q. Okay. Let's jump over to Lake Region Water and
- 9 Sewer real quick. Currently there is an agreement with
- 10 the City of Lake Ozark. Are you familiar with the
- 11 agreement with City of Lake Ozark to take the effluent
- 12 from Lake Region Water and Sewer?
- 13 A. Yes, I am.
- Q. Do you know approximately how much that effluent
- is pumped on a daily basis, pumping basis?
- 16 A. I have no idea.
- Q. You don't know anything about volumes?
- 18 A. No.
- 19 Q. Does Lake Region have any water treatment plants
- 20 of its own?
- 21 A. Yes, I think Lake Region has a treatment plant.
- 22 Q. Okay. And do you have any idea what the capacity
- 23 of that treatment plant is?
- 24 A. No. No.
- Q. Okay. You said Ozark Shores doesn't handle any

- 1 sewage?
- 2 A. No.
- 3 Q. They don't?
- 4 A. No.
- 5 Q. Okay. And they don't have any sewage treatment
- 6 plants, or do you know if they own any sewage treatment
- 7 plants?
- 8 A. I'm going to say no, qualified I don't think they
- 9 **do**.
- 10 Q. Okay. Jumping back to the Water District. Have
- you helped the Water District develop any plans for
- 12 future funding?___
- 13 A. No. This \$3 million -- unless if they build the
- 14 fire hydrants.
- MR. MARSHALL: I'll object that it's not
- 16 responsive to the question.
- MR. HARMS: I think it is responsive. If you're
- 18 going to answer --
- MR. MARSHALL: He said if. He said if. He
- 20 didn't say. You asked if he -- and look, let me make
- 21 something clear, Jay. I don't care what he says,
- 22 because I don't think what he says has anything to do
- 23 with anything.
- 24 MR. HARMS: Okay.
- MR. MARSHALL: But I'm just saying your question

- 1 was whether he provided any advice for any future. He
- 2 didn't say yes. He said, Well, if they would come. And
- 3 so that's what I'm objecting to.
- THE WITNESS: The answer would be no.
- 5 BY MR. HARMS:
- Q. Okay. So they have not -- you have not
- 7 participated in any future plans?
- 8 A. No.
- 9 Q. Okay. And just to back up real quick, Greg -- I
- 10 think Greg asked you about the plan for putting together
- the proposal for the fire plugs. And just for my own
- 12 recollection, did you say that they -- that the Water
- 13 District did not approach you to help develop a plan for
- 14 the funding of the fire plugs?
- A. I do not remember them asking me how to fund
- 16 them.
- 17 O. Okay.
- 18 A. I do not.
- 19 Q. Okay. Do you remember, was Lake Region Water and
- 20 Sewer specifically asked to fund the fire plugs?
- 21 A. Probably.
- Q. Okay. Do you -- and probably -- you probably
- 23 don't know the answer to this next question. But do you
- 24 remember who would have asked you?
- 25 A. No. No.

- Q. Okay. All right. We were provided some
- 2 documents just the other day on some of these things.
- 3 And we -- there is contracts for equipment rental that
- 4 were put together. And I think that Greg asked you
- 5 about some of the equipment that was in there. You
- 6 stated that there was a backhoe and trailer and some
- 7 hand tools and things like that.
- 8 Do you have any idea what you're renting from the
- 9 Water -- you, being Lake Region Water and Sewer, is
- 10 renting from the Water District?
- 11 A. No.
- 12 Q. Okay. Do you know how much Lake Region Water and
- 13 Sewer is paying to the Water District for those rentals?
- 14 A. No.
- Q. Okay. And these were -- I think your testimony
- 16 earlier was that it was actually equipment that was
- owned by Lake Region Water and Sewer that was sold to
- 18 the Water District. And then is it leased back, is that
- your understanding of these equipment leases?
- 20 A. I think we are just billed for the amount of time
- 21 that they are used for our purposes. When -- when
- 22 something goes wrong in one of the areas of ours, John
- 23 keeps time sheets and hourly sheets, and those equipment
- 24 then are just allocated to, you know, us on an hourly
- 25 basis or daily basis whenever we're used.

```
Okay. I'm going to hand you -- and it's marked
0.
```

- as Item No. 4, this was provided the other day. 2
- an agreement between -- I believe that's Ozark Shores 3
- (indicating). 4
- That's the Lake Region. MR. MARSHALL: 5
- MR. HARMS: Oh, that's Lake Region's?
- MR. MARSHALL: Yeah.
- BY MR. HARMS:
- Okay. Well, there's similar contracts between 9
- Ozark Shores and Lake Region, and it just shows that 10
- it's a \$1,500-a-month flat fee. 11
- That could be. I don't -- I don't know. 12 Α.
- Okay. 13 0.
- I've got to admit, I am not that familiar with 14
- how the particulars really work. 15
- But you're the president of the Lake Region, and 16 Q.
- I believe that's your signature on it. Did you sign 17
- that as president or is that Roger Sallee (indicating)? 18
- That's Roger Sallee. 19
- Pros of LAKE Rosia
- And John Summers is general manager? 20 Ο.
- That's right. 21 A.
- I'm reading through the back. I can see 22 Okay. 0.
- 23 it big, so --
- You can have it back. I was just reading it 24
- 'cause I wasn't sure what --25

- 1 Q. Okay. All right. So you're not sure what the
- 2 contract says?
- 3 A. No. No, I have --
- 4 Q. Okay. Do you know if there was any kind of board
- 5 resolution to allow the general manager to execute this
- 6 document on behalf of the Lake Region Water and Sewer?
- A. I don't know if there was a resolution, but Vern
- 8 and I have certainly given John authority to sign those
- 9 kinds of documents.
- 10 **Q.** Okay.
- 11 A. It might have only been verbal, but we've given
- 12 him that.
- Q. Okay. And I'm going to hand you what was Item
- No. -- that was the Request No. 4.
- 15 MR. MARSHALL: Right. Right.
- 16 BY MR. HARMS:
- Q. And as we look at this, this is the operating
- 18 agreement for Lake Region Water and Sewer that was
- 19 produced. Before we get in there, you might actually
- 20 have your attorney or the attorney for Lake Region Water
- 21 and Sewer make this agreement valid, because it actually
- 22 (expired) the day before it was to become effective. If
- you look at the bottom, it expired on January 31, 2007
- 24 and became effective on February 1st, 2007. So there
- 25 appears to be a typo that you might want to have

(Evidently he did not leave the norm)

- 1 somebody fix.
- 2 MR. SUMMERS: I know who that would be.
- 3 BY MR. HARMS:
- O. This is the contract that we talked about earlier
- 5 as far as the -- as far as the monthly fee. There's
- 6 \$17,900 paid from Lake Region Water to have the Water

 7 District operate its systems for it, or actually for the
 - 8 labor to operate Lake Region (indicating)?
 - 9 A. Right.
- 10 O. Do you have any idea how many hours are covered
- 11 under this?
- 12 A. I have no idea.
- Q. Okay. And this contract just appears to be a
- 14 flat rate; is that correct?
- A. There's a true-up provision at the end of the
- 16 year. I understand that John keeps these records, and
- 17 if this number is, I think, more than five percent one
- direction or the other, either party can ask for the
- reimbursement or the payments or whatever.
- Q. Do you know if there's been any true-up on these?
- 21 A. I don't know.
- Q. You don't know. Okay. Okay. And this is a
- one-year contract; is that correct?
- A. Yes. Yes.
- Q. And this is actually the most -- well, sort of

- 1 the most current?
- 2 A. Yeah.
- 3 Q. The most currently expired contract?
- 4 MR. MARSHALL: Let the record show that this
- 5 counsel had nothing to do with drafting that contract.
- 6 MR. WILLIAMS: And will assess all blame,
- 7 notwithstanding your lack of responsibility.
- 8 BY MR. HARMS:
- 9 Q. Okay. And one of the things I've been trying to
- 10 gather at trial is who actually owns the system, and I
- 11 think you covered that earlier. Lake Region Water owns
- 12 the systems in its areas?
- 13 A. Yes.
- Q. And then it's -- those systems are then operated
- 15 **(by** ---)
- 16 A. The Water District.
- 17 Q. -- the Water District?
- 18 A. Correct.
- Q. Does Lake Region Water and Sewer own easements to
- 20 have the water lines go in or are those in the name of
- 21 another corporation?
- 22 A. We hope we have enough easements, but you never
- 23 have them all.
- Q. Okay. But -- but any easements you do have would
- 25 be in Lake Region Water and Sewer?

- 1 A. Yes.
- Q. Okay. And the water treatment plant you have,
- 3 the real estate under it would also be --
- A. It's all Lake Region.
- O. And the towers as well, the water towers?
- A. /Yes.
- 7 Q. Okay. We talked a little bit ago about the
- 8 contract with City of Lake Ozark for the effluent. Do
- 9 you take effluent in from any other areas or any other
- 10 companies?
- 11 A. I don't -- I don't believe so. But again --
- 12 let's qualify that. I don't know, but I don't believe
- 13 so.
- Q. Okay. All right. And we talked a minute ago
- 15 about the Lake Region Water equipment rental agreement
- 16 that was provided, and there's -- is it your
- 17 understanding there's also one for Ozark Shores?
- 18 A. Yes.
- 19 Q. Ozark Shores rents equipment?
- 20 A. Yes.
- Q. Okay. And I'm going to hand that to you, just
- 22 to clear up the record on this. And it's also just
- 23 a \$1,500-a-month flat fee?
- 24 A. That's what this says.
- Q. All right. Is there -- was that also equipment

- that was owned by Ozark Shores that was conveyed to the
- 2 Water District?
- 3 A. I'm sure it would have been.
- Q. Okay. You testified earlier that there -- you
- 5 didn't actually testify. We were talking earlier about
- 6 some of restrictions on water districts, who they can
- buy and what they can't buy and things like that.
- 8 A. Yeah.
- 9 Q. Is there anything to prohibit the Water District
- 10 from purchasing Lake Region Water and Sewer or Ozark
- 11 Shores --
- 12 A. No.
- 13 Q. -- to your knowledge?
- 14 A. No.
- 15 Q. Do you know if that's the plan?
- A. We've never formally discussed it with anybody,
- 17 the Water District, you know.
- Q. Okay. Have you discussed it with your partners,
- 19 with the Stumps?
- 20 A. It would be something that if someone came along
- 21 and made us a good offer, sure, we would sell.
- Q. Is that something that you've discussed with --
- 23 A. Long range.
- Q. Long range?
- 25 A Long range

- Q. Okay. That's another copy of the contract. And
- just for your information, the Ozark Shores contract for
- 3 labor is also expired, so . . .
- A. We have no laborers.
- 5 Q. Yeah, just to let you know that.
- 6 A. Let's see.
- Q. It does the same thing. They -- somebody just
- 8 changed the name on the top of it and it had exactly the
- 9 same agreement in there. You testified a minute ago
- 10 about the bond issue that you helped the Water District
- 11 do for the \$3 million bond issue.
- 12 A. Correct.
- Q. And you received two percent of that; is that
- 14 correct?
- 15 A. Correct.
- 16 Q. There is an agreement, and actually we got two
- 17 copies of it. I'm not sure why we got two copies of it,
- 18 but you can have a copy and you can have a copy, because
- 19 I've got two copies. It's a July 9th, 2004 -- or 2002,
- 20 I don't remember. I just handed it to you, so I don't
- 21 know.
- 22 MR. MARSHALL: 2002.
- 23 BY MR. HARMS:
- Q. 2002. And that says that you're entitled to
- 25 three percent of bond issues. Was there a separate

- agreement for the \$3 million bond issue?
- 2 A. No.
- MR. MARSHALL: This says not to exceed three
- 4 (indicating).
- 5 BY MR. HARMS:
- Q. That's what I'm saying, not to exceed
- 7 three percent.
- 8 A. We didn't feel it was enough time spent to exceed
- 9 the two percent.
- 10 Q. Okay. Did you have anything in writing between
- 11 you and the Water District?
- 12 You just agreed?
- 13 A. Yeah. That's the only document between the
- 14 District and us.
- 0. Okay. And we're getting down to the end of the
- 16 **file**, so . . .
- 17 MR. MARSHALL: Darn.
- MR. HARMS: Huh?
- 19 MR. MARSHALL: I said darn.
- 20 BY MR. HARMS:
- Q. And now I'm also looking at the contract for
- 22 labor for the Meadows, which is also expired.
- 23 A. Is it also 1,500?
- Q. No. It's actually only \$4,500 a month.
- 25 A. Okay.

- 1 Q. Or is it 45?
- 2 MR. SUMMERS: Yeah.
- 3 BY MR. HARMS:
- Q. All right. Yeah. And is that the most recent
- 5 one (indicating)?
- 6 Yeah, because that became effective February 1st
- 7 and expired January 31st. Okay. So that's -- that
- 8 actually went down from the previous years. Do you have
- 9 any reason why?
- 10 A. No, I have no idea.
- 11 O. You have no idea?
- 12 A. I have no idea.
- 13 Q. Have you seen any of these documents before
- 14 (indicating)?
- 15 A. Very vaguely.
- Q. So you might have just got a pile of stuff and --
- 17 A. Flipped through them.
- 18 **Q. Okay.**
- A. I sign what John tells me to sign.
- 20 Q. Okay. All right. And I'm going to put you on
- 21 the spot just a little bit, because you're here, just
- 22 because I can. During the proceedings in this matter,
- 23 Mr. Summers testified that he had actually considered
- 24 having the water -- having Lake Region Water and Sewer
- 25 install the fire plugs. There was some consideration of

- 1 Lake Region Water doing that and it was decided that you
- 2 didn't want to, and that's been your testimony here
- 3 today.
- 4 A. Yes.
- Q. Was there any direction for John to make any
- 6 determination like that or --
- A. No.
- Q. -- did John tell you -- did he help you make your
- 9 determination or did you help him make his
- 10 determination?
- 11 A. We just said no.
- 12 Q. Okay. So you and Sally --
- 13 A. Quick
- Q. Okay. All right. Okay. Has the Water
- 15 District -- and I think we started down this and we kind
- of got into the objection a little bit, and I'm not sure
- 17 if I just don't remember the answer or whether it was
- answered. Has the Water District asked you to help with
- 19 any funding proposals or plans for funding with regard
- 20 to water or sewer services?
- 21 **A. No.**
- Q. Okay. Okay. And that's -- yeah.
- MR. MARSHALL: I just want him to wait until you
- 24 finish the question. That's why.
- 25 BY MR. HARMS:

- O. Okay. And like I said, I wanted to make sure
- 2 that I had some idea of that.
- 3 A. Yes.
- 4 Q. Are you -- what type of funding can a water
- 5 district get? I mean, if a water district wants to
- 6 build something, what are the mechanisms allowed to them
- 7 to --
- A. It can vote a revenue bond. Our water district
- 9 does not have general obligation powers. It was formed
- without the ability to issue general obligation debt.
- 11 So with that is not an avenue to us. It can issue
- leases or what they call certificates of participation.
- 13 Where it's an annual lease that today is very -- is
- 14 recognized and accepted very equivalent to bonds.
- 15 There's hardly any interest rate differential.
- There are grants to certain low income areas, you
- know, if you have -- if you qualify for a loan, general,
- you know, medium income. The old Farmer's Home
- 19 Administration, which is no longer Farmer's Home, but I
- 20 believe they still fund some water district
- 21 construction. Again, I think they limit pretty well to
- 22 areas that sort of can't afford it anymore. It's hard
- 23 to get regular money from them. And that's basically
- 24 it. But that's sort of the same thing available to
- 25 cities.

- O. Okay. Have you done any -- have you seen the
- 2 proposed annex area in this (indicating)?
- I think there was some testimony earlier that you
- 4 didn't help set the boundaries. But are you --
- 5 A. I've seen it, yes.
- 6 O. You've seen it. Okay. Are you familiar with
- 7 that area at all?
- 8 A. Vaguely, just very generalized.
- 9 Q. Okay. But you haven't done any kind of studies
- 10 to see which funding mechanism would be -- which funding
- 11 mechanism would be the most appropriate or --
- 12 A. No.
- 13 MR. HARMS: Okay. Okay. I don't think I
- 14 have any further questions.
- MR. WILLIAMS: Mr. Schwermann, you have certain
- 16 rights with respect to the transcript of this matter,
- 17 although given the short time frame in which it must be
- 18 prepared, you probably don't have as many rights as you
- 19 otherwise would have. One of them is the right to have
- 20 the court reporter present you with her certified copy
- 21 of the transcript. That's called a right of
- 22 presentment. Typically that is waived in depositions
- 23 and the transcript is simply furnished.
- In this instance, because we have court again on
- 25 Friday, the court reporter is going to prepare a

Page 76 transcript. You have the right to read and sign that transcript. I would ask that you waive it because of the short time frame involved, unless you want to read and sign it Friday morning at the courthouse. MR. HARMS: The purpose is mainly in case you think she's made some mistakes in what you've said. That's the reason to read it and sign it. THE WITNESS: I have no objection to waiving it. (SIGNATURE WAIVED.)
