Case No. WA-98-36

**JOINT MOTION OF ALL PARTIES  
TO CANCEL RATE REVIEW AND CLOSE CASE**

**COME NOW** Osage Water Company (OWC), the Staff of the Missouri Public Service Commission (the Staff) and the Office of the Public Counsel (the OPC) (hereinafter referred to collectively as "the parties"), by and through counsel, and for their "Joint Motion to Cancel Rate Review and Close Case" respectfully state as follows:

1. By its Order effective March 24, 1998, the Commission granted OWC a certificate of public convenience and necessity (the Certificate) to provide water and sewer service in an unincorporated portion of Camden County known as the Cedar Glen Condominiums.

2. As a part of its Order granting the Certificate, the Commission established an 18-month review period for the appropriateness of the sewer rates that were approved for use by OWC. In that Order, the Commission also directed the Staff to file a recommendation regarding the appropriateness of the sewer rates at the conclusion of the 18-month period. OWC's sewer tariff was approved in an Order that was entered on May 22, 1998, and the sewer rates became

effective May 31, 1998. The end of the 18-month rate review period was therefore approximately December 1, 1999.

3. As a part of the Stipulation and Agreement entered into by the parties and approved by the Commission in a prior OWC certificate case, Case No. WA-94-132, OWC was required to "file a rate case" on or about October 11, 1999.

4. On October 12, 1999, OWC submitted a request for revenue increases in both its water and sewer operations to the Secretary of the Commission, under the provisions of the Commission's Small Company Rate Increase Procedure. The parties agree that, by submitting this request, OWC has fulfilled its obligation to "file a rate case", as set out in the preceding paragraph.

5. The parties agree that OWC's pending small company rate increase request will result in a full and complete audit of OWC's books and records pertaining to the overall operation of its water and sewer systems in all of its currently certificated service areas.

6. As a result of the above-referenced small company rate increase request, the parties agree that a partial audit of OWC's operations (i.e., one related only to the operation of the Cedar Glen system) is not necessary. The parties further agree that such a partial audit would not result in the best use of the parties' or the Commission's resources.

7. The parties agree that if the Commission cancels its previously ordered 18-month rate review, as the parties request, that there is no longer any need for this docket to remain open.

8. OWC, the Staff and the OPC are the only parties to the instant case and were the only parties to Case No. WA-94-132.

WHEREFORE, the parties respectfully request that the Commission issue an order canceling the previously ordered 18-month rate review and closing this docket, and for such other relief as the Commission deems just and proper in this instance.

Respectfully submitted,
