**Case No. IK-2008-0014**

**ORDER APPROVING INTERCONNECTION AGREEMENT**

Issue Date: August 9, 2007

Effective Date: August 19, 2007

This order approves the Interconnection, Resale, and Unbundling Agreement executed by the parties and filed by CenturyTel of Missouri, L.L.C. ("CenturyTel").

On July 12, 2007,<sup>1</sup> CenturyTel filed an application with the Commission for approval of an Interconnection, Resale, and Unbundling Agreement with Aurora Communications, Inc. ("Aurora"). The Agreement was filed pursuant to Section 252(e) of the Telecommunications Act of 1996.<sup>2</sup> CenturyTel is an incumbent local exchange carrier in Missouri and subject to the jurisdiction of the Commission. Aurora is competitive local exchange carrier in Missouri and subject to the jurisdiction of the Commission.

Although Aurora is a party to the Agreement, it did not join in the application. On July 13, the Commission issued an order making Aurora a party in this case and directing any party wishing to request a hearing to do so no later than August 2. No requests for hearing were filed.

The Staff of the Commission filed a memorandum and recommendation on August 3, recommending that the Agreement be approved.

<sup>1</sup> All dates throughout this order refer to the year 2007 unless otherwise noted.

### **Discussion**

Under Section 252(e) of the Act, any interconnection agreement adopted by negotiation must be submitted to the Commission for approval. The Commission may reject an agreement if it finds that the agreement is discriminatory or that it is not consistent with the public interest, convenience and necessity.

The Staff memorandum recommends that the Agreement be approved and notes that the Agreement meets the limited requirements of the Act in that it is not discriminatory toward nonparties and is not against the public interest. Staff recommends that the Commission direct the parties to submit any amendments to the Commission for approval.

### **Findings of Fact**

The Missouri Public Service Commission, having considered all of the competent and substantial evidence upon the whole record, makes the following findings of fact.

The Commission has considered the application, the supporting documentation, and Staff's verified recommendation, which are hereby admitted into evidence. Based upon that review, the Commission concludes that the Agreement meets the requirements of the Act in that it does not discriminate against a nonparty carrier and implementation of the Agreement is not inconsistent with the public interest, convenience and necessity. The Commission finds that approval of the Agreement shall be conditioned upon the parties submitting any amendments to the Commission for approval pursuant to the procedure set out below.

---

<sup>2</sup> See 47 U.S.C. § 251, *et seq.*

### **Amendment Procedure**

The Commission has a duty to review all resale and interconnection agreements, whether arrived at through negotiation or arbitration, as mandated by the Act.<sup>3</sup> In order for the Commission's role of review and approval to be effective, the Commission must also review and approve or recognize amendments to these agreements. The Commission has a further duty to make a copy of every resale and interconnection agreement available for public inspection.<sup>4</sup> This duty is in keeping with the Commission's practice under its own rules of requiring telecommunications companies to keep their rate schedules on file with the Commission.<sup>5</sup>

The parties to each resale or interconnection agreement must maintain a complete and current copy of the agreement, together with all amendments, in the Commission's offices. Any proposed amendment must be submitted pursuant to Commission rule 4 CSR 240-3.513(6).

### **Conclusions of Law**

The Missouri Public Service Commission has arrived at the following conclusions of law.

The Commission, under the provisions of Section 252(e)(1) of the federal Telecommunications Act of 1996,<sup>6</sup> is required to review negotiated interconnection agreements. It may only reject a negotiated agreement upon a finding that its implementation would be discriminatory to a nonparty or inconsistent with the public interest, convenience

and necessity.<sup>7</sup> Based upon its review of the Agreement between CenturyTel and Aurora and its findings of fact, the Commission concludes that the Agreement is neither discriminatory nor inconsistent with the public interest and shall be approved.

The Commission notes that prior to providing telecommunications services in Missouri, a party shall possess the following: (1) an interconnection agreement approved by the Commission; (2) except for wireless providers, a certificate of service authority from the Commission to provide interexchange or basic local telecommunications services; and (3) except for wireless providers, a tariff approved by the Commission.

**IT IS ORDERED THAT:**

1. The Interconnection, Resale, and Unbundling Agreement between CenturyTel of Missouri, L.L.C. and Aurora Communications, Inc., filed on July 12, 2007, is approved.
2. Any changes or amendments to this Agreement shall be submitted in compliance with 4 CSR 240-3.513(6).
