

2. When it developed the MEEIA 2019-24, did Ameren Missouri value demand-side investments equal to traditional investments in supply and delivery infrastructure?
3. Do the programs in MEEIA 2019-24, and associated incremental energy and demand savings, demonstrate progress toward the goal of achieving all cost-effective demand-side savings?
4. Is the MEEIA 2019-24 expected to be beneficial to all customers in the customer class in which the programs are proposed, regardless of whether the programs are utilized by all customers?
5. If the Commission approves MEEIA 2019-24, what should be in the Rider EEIC?

WHEREFORE, Ameren Missouri prays on behalf of the Parties that the Commission will accept this List of Issues, List and Order of Witnesses, Order of Opening Statements and Order of Cross-Examination; and grant such other and further relief as the Commission considers just in the circumstances.

Respectfully submitted,

/s/ Paula N. Johnson
