STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and submits its Recommendation as follows:

1. On June 12, 2012, Stoutland Telephone Company, ("the Company"), filed an application with the Commission for approval of an amendment to a traffic termination agreement with AT&T Mobility, under the provisions of the federal Telecommunications Act of 1996. The Company states that the agreement complies with Section 252(e) of the Act in that it is consistent with public interest, convenience and necessity, and not discriminatory to nonparty carriers. The Company is certificated with the Commission as an Incumbent Local Exchange Telecommunications Company; AT%T Mobility, a wireless carrier, is not regulated by the Commission.

2. On June 14, 2012, the Commission issued its Order Directing Notice, Setting Intervention Deadline and Making AT&T Mobility a Party, in which it directed Staff to file a memorandum regarding the Application.

3. 47 USC 252(e)(2) provides that a state commission may only reject an interconnection agreement adopted by negotiation if the agreement discriminates against a telecommunications carrier not a party to it or its

implementation is not consistent with the public interest, convenience, and necessity.

4. In lieu of a Memorandum, Staff herein states that the amendment to the interconnection agreement does not discriminate against telecommunications carriers not parties to it, nor is its implementation inconsistent with the public interest, convenience or necessity. A copy of the Amendment was filed with the Application.

5. Neither Company is delinquent in filing its annual report, or in paying its PSC assessment, or MoUSF and Relay Missouri surcharges.

WHEREFORE, Staff recommends the Commission approve the Application and direct the parties to submit to the Commission any subsequent modifications or amendments to the Interconnection Agreement.

Respectfully submitted,
