

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of a notice of Election of)	
CenturyTel of Missouri, LLC for Waiver of)	Case No. IE-2009-0079
Commission Rules and Statutes Pursuant to)	Tariff File No. YI-2009-0183
Section 392.420, RSMo.)	

Staff Recommendation

COMES NOW the Staff of the Missouri Public Service Commission (“Staff”) and
for its recommendation states as follows:

1. On September 2, 2008, CenturyTel of Missouri, LLC (“CenturyTel” or “Company”) filed notification with the Missouri Public Service Commission (“Commission”) that CenturyTel had elected to waive certain Commission rules and statutory provisions pursuant to RSMo Section 392.420.

2. CenturyTel has also submitted a tariff filing to identify these waivers in the Company’s tariff. That tariff filing as been assigned Tariff File No. YI-2009-0183 and bears a proposed effective date of October 2, 2008.

3. CenturyTel’s reference to RSMo Section 392.420 refers to the statute as revised by the passage of House Bill 1779, which became effective August 28, 2008.

4. Section 392.420, as amended by House Bill 1779, states in relevant part:

In the case of an application for certificate of service authority to provide basic local telecommunications service filed by an alternative local exchange telecommunications company, and for all existing alternative local exchange telecommunications companies, the commission shall waive, at a minimum, the application and enforcement of its quality of service and billing standards rules, as well as the provisions of subsection 2 of section 392.210, subsection 1 of section 392.240, and sections 392.270, 392.280, 392.290, 392.300, 392.310, 392.320, 392.330, and 392.340. Notwithstanding any other provision of law in this chapter and chapter 386, RSMo, *where an alternative local exchange telecommunications company is authorized to provide local exchange telecommunications services in an incumbent local exchange telecommunications company's authorized service*

area, the incumbent local exchange telecommunications company may opt into all or some of the above-listed statutory and commission rule waivers by filing a notice of election with the commission that specifies which waivers are elected.

(Emphasis added).

5. CenturyTel is an incumbent local exchange telecommunications company as that term is used in Section 392.420. Furthermore, in the attached Memorandum, labeled as Appendix A, Staff states its position that prior Commission cases, along with the most recent annual reports submitted by companies, adequately demonstrate that alternative local exchange telecommunications companies provide service in the Company's territory.

6. CenturyTel is currently compliant in obligations relating to Commission assessment, Missouri Universal Service Fund, Relay Missouri, and the submission of an annual report.

WHEREFORE, Staff recommends that the Commission acknowledge CenturyTel's election to opt into the waivers listed in its Notice of Election for Waivers and either approve the Company's accompanying tariff filing, Tariff File No. YI-2009-0183, or allow the tariff to become effective by operation of law.

Respectfully submitted,

/s/ Eric Dearmont

Memorandum

To: Official Case File for Case No. IE-2009-0079
Tariff File No. YI-2009-0183
CenturyTel of Missouri, LLC

Through: General Counsel

From: John Van Eschen
Telecommunications Department

Date: September 24, 2008

Subject: Request for Waivers

CenturyTel of Missouri, LLC (Company), an incumbent local exchange telecommunications company, has filed a Notice of Election of Waivers pursuant to Section 392.420, RSMo, as amended by House Bill 1779, effective August 28, 2008. The Company has also submitted a tariff filing to identify these waivers in the Company's tariff. The Commission Staff (Staff) has no objections to requested waivers identified in the Company's filings. This memorandum further explains Staff's review of the filings.

Two separate sections of the new legislation, Section 392.420 and 392.245.5(8), provide the genesis for waiving various statutes and Commission rules for telecommunications companies. Both sections are slightly different in terms of the circumstances surrounding their applicability. In addition both sections have slightly different descriptions of the types of rules covered by their provisions.

Section 392.420 RSMo authorizes the Commission, in connection with the issuance or modification of a certificate or service authority, to entertain a petition to suspend or modify the application of its rules and certain statutes. This section further provides that in the case of an application for a certificate of service authority to provide basic local telecommunications service filed by an alternative local exchange telecommunications company, and for all existing alternative local exchange telecommunications companies, the Commission shall waive, at a minimum, the application and enforcement of its quality of service and billing standards rules, and certain enumerated statutes. Where an alternative local exchange telecommunications company is authorized to provide local exchange telecommunications services in an incumbent local exchange telecommunications company's territory an incumbent may opt into all or some of the statutory and commission rule waivers by filing a notice of election with the Commission.

Section 392.245.5(8) RSMo indicates an incumbent local exchange telecommunications company with classification as a competitive company and all alternative local exchange telecommunications companies shall not be required to comply

with customer billing rules, network engineering and maintenance rules, and rules requiring the recording and submitting of service objectives or surveillance levels established by the Commission. This section does not address any statutes as described and identified in Section 392.420 RSMo.

As previously described, the Company is requesting waivers pursuant to Section 392.420 RSMo. In support of its filing, the Company has cited several prior cases whereby the Commission found an alternative local exchange telecommunications company has been and continues to provide local voice service in the Company's territory. In Staff's opinion, prior cases along with the most recent annual reports submitted by companies adequately demonstrate that alternative local exchange telecommunications companies provide service in the Company's territory.

The specific waivers requested by the Company comply with the type of waivers contemplated by the new legislation. These waivers and a brief description are as follows:

Commission Rules (4 CSR 240-)	Brief Description
3.550 (4) and (5)(A)	Held order records, quality of service reports.
32.060	Engineering and maintenance
32.070	Quality of Service
32.080	Service objectives and surveillance levels
33.040(1) through (3) and (5) through (10)	Billing and payment standards
33.045	Clear identification and placement of charges on bills

Missouri Statutes	Brief description of Commission's authority
392.210(2)	Prescribe a system of accounts
392.240(1)	Determine reasonableness of rates
392.270	Determine valuation of property
392.280	Determine depreciation rates/accounts
392.290	Establish regulations regarding issuance of stocks, bonds and other indebtedness
392.300	Transfer of property and ownership of stock
392.310	Approval of issuing stocks, bonds and other indebtedness
392.320	Certificate of Commission to be recorded—stock dividends
392.330	Account for disposition of proceeds of all sales of stocks, bonds, notes and other indebtedness
392.340	Reorganization

Staff recommends the Commission grant to the company all of the waivers listed above and approve the Company's accompanying tariff filing, Tariff File No. YI-2009-0183. Staff has also investigated and concluded the Company is currently compliant in obligations relating to the Commission's assessment, Missouri universal service fund, Relay Missouri and the submission of an annual report.
