RE: Possible Sale

Dear Mr. Russo,

This letter is to inform you I am in the process of a possible sale of House Springs Sewer Company and do not intend to file a rate case on September 15, 2014, as originally anticipated in the Notice of Unanimous Agreement Regarding Disposition of Small Company Rate Increase Request filed with the Commission on February 7, 2013.

If the sale does not take place I will immediately file for a rate increase/decrease.

If you have any questions, please do not hesitate to call.

Sincerely,

Pat Fribis

President
