OF THE STATE OF MISSOURI

Case No. IO-2007-0151

ORDER OF CLARIFICATION

Issue Date: December 7, 2006

Effective Date: December 7, 2006

On November 15, 2006, the Commission issued an order approving an interconnection and reciprocal compensation agreement between TDS Telecommunications Corporation and Verizon Wireless. On November 27, 2006, TDS filed a motion for clarification. TDS operates in Missouri through three incumbent local exchange telephone companies, and TDS would like the language in the order to better reflect this arrangement.

The language in the approved agreement is patently clear that TDS is operating through these three subsidiaries, as identified in the agreement's Appendix A. However, finding TDS's request to be reasonable with regard to changes in the body of the order, and for the purpose of clarity, the Commission will grant TDS's motion. The Commission shall replace the third sentence in the second paragraph of the order and add an additional sentence to reflect that TDS is operating through its subsidiaries.

IT IS ORDERED THAT:

1. TDS Telecommunications Corporation's Motion for Clarification is granted.

2. The third sentence in the second paragraph of the Order Approving Interconnection and Reciprocal Compensation Agreement, which states, "TDS is an incumbent local exchange carrier in Missouri and subject to the jurisdiction of the Commission," is stricken.

3. In place of the stricken sentence, the Commission will insert the following language:

TDS operates in Missouri through three incumbent local exchange telephone companies: New London Telephone Company, Orchard Farm Telephone Company, and Stoutland Telephone Company. All three of these wholly owned subsidiaries are subject to the Commission's jurisdiction.

4. This order shall become effective on December 7, 2006.

5. This case may be closed on December 8, 2006.
