We originally sent an email at 5:03 on June 10, 2003 which inadvertently contained the unredacted version of the testimony. We attempted to recall the 5:03 message. At the same time we resent the testimony with the redacted version. In the event that you did receive the original unredacted NP version, please delete and do not distribute. I apologize for any inconvenience this may cause.

Daniel,

On June 10, 2003 I filed the Rebuttal Testimony of Barbara A. Meisenheimer in Case No. IO-2003-0281. This testimony contained highly confidential information. I inadvertently filed by EFIS an undacted version as public. Please remove or restrict public access to this public version ASAP. Please call me at 751-5569 or email me if you have any questions. FYI I have informed the attorneys of record and asked them not to distribute any copies of the unredacted version they received. I am filing a corrected redacted version of this testimony this evening.

They need to file a motion to have it removed. We won't clean up their mistakes through the back end.

It appears that the document you filed with EFIS has the same problem. Please let me know how you will correct it. Also, it is time sensitive as the longer the information is made available to the public on EFIS, the more damage is caused. Thank you.

My number is 913 315 9363 if we need to discuss this.
