MAWC currently provides water service to approximately 470,000 customers. MAWC provides sewer service to approximately 15,000 customers in Callaway, Jefferson, Pettis, Cole, Morgan, Platte, Taney, Stone, Christian, St. Louis, Clinton, Clay, Ray, and Warren Counties, Missouri. MAWC is a "water corporation," a "sewer corporation" and a "public utility" as those terms are defined in Section 386.020 RSMo, and is subject to the jurisdiction and supervision of the Commission as provided by law. MAWC has no overdue Commission annual reports or assessment fees.

2. Commission Rule 20 CSR 4240-4.017(1) provides, in part, as follows:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case.

Such notice shall detail the type of case and issues likely to be before the commission and shall include a summary of all communication regarding substantive issues likely to be in the case between the filing party and the office of the commission that occurred in the ninety (90) days prior to filing the notice.

3. It is MAWC's intent to file tariffs to initiate general rate case proceedings seeking an increase in its water and sewer rates. Issues likely to be before the Commission in the upcoming rate cases include those concerning revenue requirement, class cost allocation, rate design, tariff, and other matters commonly associated with a general rate case. MAWC has had no communications with the Office of the Commission (as defined in 20 CSR 4240-4.015(10)) regarding substantive issues respecting this filing during the 90 days prior to filing this notice.

WHEREFORE, MAWC submits to the Commission and its Secretary this *Notice of Intended Case Filing*.

Respectfully Submitted,
