JOINT MOTION FOR APPROVAL OF FIRST ADDENDUM

COME NOW Farmers' Electric Cooperative (Farmers') and the City of Gallatin (Gallatin), hereinafter referred to collectively as "Movants," by and through their respective counsel, and for their Joint Motion to the Missouri Public Service Commission (Commission), pursuant to the terms of the Territorial Agreement, for an order approving Movants' First Addendum to Territorial Agreement (Addendum), respectfully state as follows:

1. **The Movants.** Farmers' is a rural electric cooperative organized and existing under the laws of Missouri with its principal office at 201 W. Business Highway 36, P.O. Box 680, Chillicothe, Missouri 64601. It is a Chapter 394 rural electric cooperative corporation engaged in the distribution of electric energy and service to its members within certain Missouri counties. Farmers' has no pending action or final judgments or decisions against it from any state or federal agency or court that involve its customer service or rates within the three years immediately preceding the filing of this Joint Application. Farmers' has no overdue annual report or assessment fees. A copy of a Certificate of Good Standing from the Office of the Missouri Secretary of State for Farmers' is attached hereto and marked **Appendix A**.

2. Gallatin is a Missouri city of the fourth class organized and established under the laws of Missouri, existing pursuant to Section 79.010 RSMo., with its principal office and place of business at 112 E. Grand Street, Gallatin, Missouri 64640. Gallatin is engaged in the

of providing electrical, water, and sewer services to customers in its municipal service area. Gallatin has no pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or its rates, which have occurred within the three years immediately preceding the filing of this Joint Application. Gallatin has no overdue annual report or assessment fees.

5. **The Territorial Agreement.** Subject to the terms and conditions of the Territorial Agreement between Farmers' Electric Cooperative and the City of Gallatin (the Agreement), Movants have specifically designated the boundaries of two exclusive electric service areas within Daviess County, Missouri, which Agreement was executed by the parties hereto on June 7, 1996, and was approved by the Commission on February 18, 1997 and effective on February 28, 1997. Movants have attached a copy of the Territorial Agreement, in its form as approved by the Commission, to this Motion as **Appendix B**, which is incorporated by reference and made a part hereof for all purposes.

6. **Addendum.** Section 12 of the Territorial Agreement (p. 4) addresses addendums to vary the boundaries of the Territorial Agreement on a case-by-case basis. This Motion is filed in accordance with that provision.

Attached to this Motion is a copy of the First Addendum to the Territorial Agreement. The Addendum is marked **Appendix C** and is incorporated by reference and made a part hereof for all purposes. A map showing the tract subject to the Addendum was made a part of the Addendum.

8. **Customer Statement.** In compliance with the provisions of the Territorial Agreement relating hereto, the parties have further attached as **Appendix D** the Affidavit of Mr. Steve Holcomb giving his consent to the Addendum.

6. **No Changes of Suppliers.** The Addendum does not require transfer of any facilities or customers between the Movants, so no list of structures and persons whose utility service would be changed by the Addendum, as required by 4 CSR 240-3.130(1)(E), is included.

7. **Other Electric Suppliers.** To Applicants' knowledge and belief, there are no other electric suppliers serving in the areas covered by this Agreement.

8. **Public Interest.** The Addendum is in the public interest because it establishes exclusive service territories for new structures for the two electric suppliers. This Addendum also minimizes a duplication of utility facilities to this particular tract. The establishment of exclusive service territories will prevent future duplication of electric service facilities, promote economic efficiencies and benefit the public safety and aesthetics of the community. Farmers' currently has electric facilities located on the Holcomb Tract from which Farmers' can serve the Holcomb Tract.

9. **Service Responsibilities.** Each Movant will continue to have service responsibilities beyond the terms of the First Addendum unaffected thereby.

9. **Filing Fee.** Pursuant to 4 CSR 240-3.130(4), no filing fee is required.

WHEREFORE, Applicants respectfully request that the Public Service Commission of

Missouri issue its order:

- (a) Finding that the exclusive provision of electric service by Farmers' to the Holcomb tract is not detrimental to the public interest and approving the Movants' First Addendum to Territorial Agreement; and
- (b) Authorizing Movants to perform in accordance with the terms and conditions of the First Addendum.

Respectfully submitted,

TERRITORIAL AGREEMENT

THIS AGREEMENT is entered into between the City of Gallatin, Missouri, hereinafter referred to as "CITY", and Farmers' Electric Cooperative, hereinafter referred to as "COOPERATIVE".

WHEREAS, Section 394.312 of the Revised Statutes of Missouri provides that competition to provide retail electric service as between rural electric cooperatives and municipally owned utilities may be displaced by written territorial agreements specifically designating the boundaries of the electric service area of each electric service supplier subject to said Agreement; and

WHEREAS, CITY and COOPERATIVE desire to promote the orderly development of the retail electric service system within the City of Gallatin and the County of Daviess, Missouri, to avoid wasteful duplication and to minimize disputes which may result in higher costs in serving the public;

NOW THEREFORE, CITY and COOPERATIVE in consideration of the mutual covenants and agreements herein contained agree as follows:

1. The electric service area of CITY for the purpose of this Agreement is described in Exhibit 1 to this Agreement by metes and bounds and illustrated by the map attached as Exhibit 2, both of which are hereby expressly incorporated herein by reference and made a part of this Agreement as fully as if set out herein verbatim.

2. CITY shall provide electric service to all structures that it presently serves and to all new structures located within its electric service area under this Agreement. COOPERATIVE

acknowledges and agrees that as between the parties, CITY shall have the sole and exclusive right to provide service to the structures CITY presently serves and all new or additional structures within CITY's electric service area as described in Exhibit 1.

3. The electric service area of COOPERATIVE for the purposes of this Agreement is described in Exhibit 3 to this Agreement by metes and bounds and illustrated by the map attached as Exhibit 4 which is expressly incorporated herein by reference and made a part of this Agreement as fully as if set out herein verbatim.

4. COOPERATIVE shall provide electric service to all structures that it presently serves and to all new structures located within its electric service area under this Agreement. CITY acknowledges and agrees that as between the parties, COOPERATIVE shall have the sole and exclusive right to provide service to the structures COOPERATIVE presently serves and all new or additional structures within COOPERATIVE's electric service area as described in Exhibit 3.

5. The CITY and the COOPERATIVE shall enter into separate agreements relating to service agreements and street lighting contracts, etc., as needed.

6. CITY hereby grants all necessary permission, approval and authority to COOPERATIVE to engage in retail electric sales and service within the corporate limits of CITY to carry out the intent of this Agreement.

7. Additional consideration for the right of COOPERATIVE to

be the sole and exclusive supplier of electric service within areas annexed by CITY after the date of this Agreement, COOPERATIVE agrees to pay to CITY semi-annually an amount equal to 5% of COOPERATIVE's gross receipts from sales of electric to residential and small commercial customers of the COOPERATIVE's located within the city limits of the CITY, who first received service after approval of the Agreement by the Public Service Commission. CITY agrees that COOPERATIVE shall have the right to use city public rights of way in the same manner as other utilities.

8. The parties agree that either party hereto may service its own facilities even if located within the service area of the other party hereto except when such service would result in duplication of current services or other wasteful duplication of facilities. The COOPERATIVE has service territory outside the areas covered by this Agreement. For service outside of the areas described by this Agreement, the parties will continue to operate without regard to this Agreement.

9. The initial term of this agreement shall be fifty (50) years from and after the said Agreement is approved by the Missouri Public Service Commission. Thereafter, this agreement shall automatically be renewed for successive five-year terms unless either party hereto shall notify the other party in writing of its intent to terminate this Agreement at least one (1) year in advance of any such renewal date.

10. The COOPERATIVE agrees that all electric transformers owned or used by it within the limits shall be classified as non-

PCB transformers.

11. Neither the boundaries described by this Agreement nor any term of this Agreement may be modified, repealed, or changed except by writing mutually approved by the respective governing bodies of the parties and by the Missouri Public Service Commission.

12. The parties may agree on a case-by-case basis by an Addendum hereto to allow a structure to receive service from one party though the structure is located in the electric service area of another party.

Such Addendum referred to above shall be filed with the Missouri Public Service Commission with a copy to the Office of Public Counsel. There will be no filing fee for these Addendums.

These Addendums apply to new structures only and not to structures receiving service on the effective date of the Commission's Order approving the Territorial Agreement.

Each Addendum shall be accompanied by a notarized statement indicating that the party in whose territory the structure will be located and the party who will serve the structure support the Addendum.

Each Addendum shall be accompanied by a notarized statement, signed by the customer to be served, which acknowledges such customer's receipt of notice of the contemplated electric service to be provided and that the Addendum represents an exception to the territorial boundaries approved by the Public Service Commission and shall indicate the customer's consent to be served by the

service provided contemplated by the Addendum.

Each Addendum shall include, or be accompanied by, an explanation of the justification that electric service should be provided in the agreed manner.

If the Staff, or Office of the Public Counsel do not submit a pleading objecting to the Addendum within forty-five (45) days of the filing thereof, the Addendum shall be deemed approved by the aforesaid parties.

Each party, pursuant to an executed Agreement, shall have the right to provide temporary service, as defined in Section 393.106 RSMo. until the Commission approves or disapproves the Addendum. No party shall be required to remove any facilities installed pursuant to an Agreement until the effective date of a final and non-appealable Order of the Commission or a court regarding the removal of same.

13. The parties agree to undertake all actions reasonably necessary to implement this Agreement. The parties will share equally the cost of obtaining administrative approval of this Agreement. Each party will cooperate in presenting a joint application showing such Agreement to be in the public interest. If the Public Service Commission of Missouri does not approve the provisions of this Agreement then it shall be nullified and of no legal affect between the parties. Further, if any part of this Agreement is declared invalid or void by a Court or agency of competent jurisdiction then the whole Agreement shall be deemed invalid or void and the parties shall return to that status

existing prior to this Agreement.

14. This agreement shall be binding upon the parties hereto and all subsidiaries, successors in interest, and assigns of the respective parties hereto.

IN WITNESS WHEREOF, the parties have executed this Agreement this 7th day of June, 1996.

WHEREAS, Sections 394.312 and 416.041 RSMo., provide that competition to provide retail electrical service as between rural electric cooperatives such as Farmers' and electrical suppliers such as Gallatin may be displaced by written territorial agreements;

3. **Term.** The term of this First Addendum shall be the same as that of the Territorial Agreement to which this First Addendum relates. Nothing contained herein shall be construed to terminate this First Addendum prior to expiration or termination of the

Territorial Agreement, or to extend the provisions hereof beyond expiration or termination of the Second Territorial Agreement.

4. **Cooperation.** Gallatin and Farmers' agree to undertake all actions reasonably necessary to implement this First Addendum. Gallatin and Farmers' will cooperate in presenting a joint application to the Commission demonstrating that this First Addendum is in the public interest. All other costs, including but not limited to the attorneys' fees of each party, will be borne by the respective party incurring the costs.

5. **General Terms.**

- A. Tract Descriptions: The descriptions of tracts utilized in this First Addendum are assumed by the parties to be accurate and reliable and to match the maps being submitted; however, where there are maps and the map does not correspond with the given street address or legal description, the map shall be controlling.

If this First Addendum is terminated pursuant to

Further, if any part of this First Addendum is declared invalid or void by a court or agency of competent jurisdiction, then the parties shall replace such provision as similarly as possible to the provision which was declared invalid or void so as to return each of them, as much as practical, to the status quo prior to the declaration .

AFFIDAVIT OF STEVE HOLCOMB

being duly sworn on my oath, states:

1. My name is Steve Holcomb and;
2. I have requested Farmers' Electric Cooperative ("Farmers") to provide electric service to a new structure to be located at (see Attached Schedule A for legal description), Gallatin, Missouri. Although this site is located within the service area of the City of Gallatin ("Gallatin"), it is my understanding Farmers' facilities are nearer the site and can more cost-effectively provide electric service to it.
3. Because the site is within Gallatin's acknowledged service territory under the Territorial Agreement between Farmers and Gallatin, I acknowledge Farmers can provide service to that site only if those parties agree to an addendum to their Agreement. And although Farmers and Gallatin have expressed their willingness to agree to such an addendum, I acknowledge any addendum must be approved by the Missouri Public Service Commission ("Commission").
4. By this affidavit, I express and confirm my consent to have Farmers provide retail electric service to the site. I therefore support the addendum agreed to by Farmers and Gallatin that would allow Farmers to serve that site.
I therefore request the Commission approve the addendum to the Territorial Agreement proposed by Farmers and Gallatin, and do so as quickly as possible.
