Re: Application of Gladlo Water & Sewer Co., Inc. to sell  
all water system and sewer system facilities to  
Whispering Pines Subdivision Home Owners Association,  
Inc., a not-for-profit corporation - Case No. WM-77-231

Dear Mr. Jenkins:

I request that the above case, which is set for hearing on December 13, 1977, be indefinitely continued. Melvin E. Carnahan, attorney for the applicant, advised me this morning that he has no objection to this request. This request is necessitated because the Department of Natural Resources has informally advised the Commission staff and the parties that it will not issue a license to operate a sewer system to Whispering Pines Home Owners Association until such time as certain restrictive covenants are obtained from the customers of Gladlo Water & Sewer Company. Until these covenants are obtained or until the Department of Natural Resources can be convinced that such covenants are not necessary, no useful purpose would be served in proceeding further with this case.

Thank you for your attention to this matter.

Sincerely,

  
James S. Haines, Jr.  
Counsel
