In the Matter of CenturyTel of Missouri, LLC's)	
Request for Competitive Classification Pursuant)	Case No. IO-2006-0316
to Section 392.245.5. RSMo (2005))	

ORDER DIRECTING NOTICE, ESTABLISHING PROCEDURAL SCHEDULE, AND RESERVING HEARING DATE

Issue Date: February 2, 2006 Effective Date: February 2, 2006

On February 1, 2006, CenturyTel of Missouri, LLC, filed its Application for Competitive Classification pursuant to Section 392.245.5, RSMo. In its application, CenturyTel requests that the Commission classify all of its residential services, other than exchange access service, as competitive for the following exchanges: (a) Ava, (b) Columbia, (c) Crane, (d) Marshfield, and (e) Seymour.

Section 392.245.5, RSMo, requires that the Commission make a determination within thirty days as to "whether the requisite number of entities are providing basic local telecommunications service . . . in an exchange and if so, shall approve tariffs designating all such business or residential services other than exchange access service, as competitive" Because of the need to proceed expeditiously, the Commission will issue notice, set a procedural schedule, and reserve a date for a hearing if one should become necessary, as set out below.

In addition, the Commission requires further information from the parties. In pertinent part, Section 392.245.5, RSMo. Supp. 2005, provides:

Each telecommunications service offered to residential customers, other than exchange access service, of an incumbent local exchange telecommunications company regulated under this section shall be classified as competitive in an exchange in which at least two non-affiliated entities in addition to the incumbent local exchange company are providing basic local telecommunications service to residential customers within the exchange.

Accordingly, the Commission will direct its Staff to investigate this matter and to file a verified pleading stating, for each exchange under consideration in this proceeding, whether the wireless and the facilities-based carrier has at least two residential customers whose addresses are located within that exchange.

If a hearing becomes necessary, the following procedures will apply:

- (A) The Commission will require all parties to prefile testimony as defined in 4 CSR 240-2.130. All parties shall comply with this rule, including the requirement that testimony be filed on line-numbered pages. The practice of prefiling testimony is designed to give parties notice of the claims, contentions and evidence in issue and to avoid unnecessary objections and delays caused by allegations of unfair surprise at the hearing. The parties will be allowed to present rebuttal witnesses at the hearing.
- (B) The Commission will direct that the transcript be expedited and submitted within **one business day** of the hearing.
- (C) Because much of the evidence will have been filed before the hearing, the Commission will require pretrial briefs that address all the issues in dispute and all the relevant prefiled testimony. Because of the expedited nature of the hearing, no

post-trial briefs will be allowed. The Commission will allow the opportunity for closing arguments at the end of the hearing.

- (D) Each party shall file with its brief a list of the witnesses it expects to call and the order in which they will be called.
- (E) Each party is required to bring an adequate number of copies of exhibits that it intends to offer into evidence at the hearing. If an exhibit has been prefiled, and served on the other parties, only one copy of the exhibit is necessary for the court reporter. If an exhibit has not been prefiled, the party offering it shall bring, in addition to the copy for the court reporter, copies for the five Commissioners, the Presiding Judge, and all counsel.
- (F) Each party must file proposed findings of fact and conclusions of law, including citations to prefiled testimony and other evidence.

IT IS THEREFORE ORDERED:

- 1. That the Data Center of the Missouri Public Service Commission shall send notice of this application to all certificated competitive local exchange carriers and to all incumbent local exchange carriers in the state of Missouri.
- 2. That the Public Information Office of the Missouri Public Service Commission shall provide notice of the application to the members of the General Assembly and to the news media.
