MAWC’S NOTICE OF INTENDED CASE FILING

COMES NOW Missouri-American Water Company (MAWC), by and through counsel, and, pursuant to Commission Rule 4 CSR 240-4.020, files this Notice of Intended Case Filing and respectfully states as follows to the Missouri Public Service Commission (Commission):

1. MAWC is a Missouri corporation with its principal office and place of business at 727 Craig Road, St. Louis, Missouri 63141. MAWC is a Missouri corporation in good standing. A certified copy of MAWC’s certificate of good standing was submitted in Case No. SA-2007-0316 and is incorporated by reference. MAWC currently provides water service to the public in and around the cities of St. Joseph, Joplin, Brunswick, Mexico, Warrensburg, Parkville, Riverside, Jefferson City, and parts of St. Charles, Warren, Jefferson, Morgan, Pettis, Benton, Barry, Stone, Greene, Taney, Christian and Platte Counties, and most all of St. Louis County, Missouri. MAWC currently provides water service to approximately 454,000 customers. MAWC provides sewer service to approximately 3,200 customers in Callaway, Jefferson, Pettis, Cole, Morgan, Platte, and Warren Counties, Missouri. MAWC is a “water corporation,” a “sewer corporation” and a “public utility” as those terms are defined in Section 386.020 RSMo. 2000, and is subject to the jurisdiction and supervision of the Commission as provided by law. MAWC has no overdue Commission annual reports or assessment fees. There is no pending action or final unsatisfied judgment or decision against MAWC from any state or federal agency or court which involves customer service or rates, which action, judgment or decision has

occurred within three years of the date of this Application (other than MAWC's rate cases pending before this Commission – Cases Nos. WR-2011-0337 and SR-2011-0338).

2. Commission Rule 4 CSR 240-4.020(2) provides, in part, as follows:

Any regulated entity that intends to file a case likely to be a contested case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission.

3. It is MAWC's intent to file a petition and application to revise its infrastructure system replacement surcharge (ISRS). MAWC will also file a tariff sheet containing the proposed ISRS rates. It is unclear whether or not this filing will become a contested case. In fact, the Commission has previously found that this type of action, "in the Commission's experience, is not likely to be a contested case." *Order Waiving Notice of Intent and Directing Filing*, Case No. GO-2011-0269 (May 2, 2011). However, if it does become a contested case, issues likely to be before the Commission may involve eligible infrastructure replacements, recovery of costs and other related issues.

WHEREFORE, MAWC submits to the Commission and its Secretary this Notice of Intended Case Filing. MAWC requests such relief as the Commission deems just and proper under the circumstances.

Respectfully submitted,

Dean L. Cooper MBE#36592
