Effective Date: December 5, 2006

This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Administrator. The order also establishes dates for the filing of requests to intervene and for the filing of recommendations.

On November 30, 2006, Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, filed an application under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Commission review and reverse a decision of the North American Numbering Plan Administrator, NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri. These numbering resources consist of 314-933-7000 block (i.e., NPA 314, NXX 933, 7xxx block) to service the needs of the State of Missouri's Department of Social Services, Division of Family Services ("the State"). AT&T Missouri, states that the numbering resources are required in order to meet the State's needs in a manner consistent with its Plexar Service dialing plan. AT&T Missouri's application included a motion for expedited treatment.

The Commission finds that proper persons should be allowed to file a request for intervention or a motion for hearing. Therefore, the Commission will set a time for interventions as directed below. The Commission will also direct its Data Center to send a copy of this order to each certificated interexchange and basic local exchange telecommunications company in Missouri. In addition, the Data Center shall send a copy of this order to the North American Numbering Plan Administrator, NeuStar, Inc.

The Commission will also direct its Staff to file a recommendation and establish a date by which any other party wishing to respond must file a recommendation.
