File No. GS-2021-0019

ORDER DIRECTING STAFF TO RESPOND

Issue Date: October 8, 2021

Effective Date: October 8, 2021

On July 1, 2021, the Staff filed a Gas Incident Report (“Report”) describing a July 1, 2020 incident in which a 12-inch gas main owned by Spire Missouri West (“Spire”) was damaged by a contractor. Staff’s Report also addressed Spire’s previous damage prevention activities. Spire filed its response to the Report on September 13, 2021. In its response, Spire requested that the Commission limit the scope of any required action plan to those items that require additional action by Spire, specifically recommendations: 1, 2 c and d, and 3-11, and requested that the Commission limit the scope of Staff’s Recommendation 10 to federal incidents.

Additionally, Spire included information in its public response that Staff treated as confidential, and redacted from the public version of its Report.

The Commission will direct its Staff to respond to Spire’s requests for modification of the proposed action plan. In addition, Staff shall explain whether the information it treated as confidential in describing the recommended action plan needs to be treated as confidential after its disclosure in Spire’s response.

THE COMMISSION ORDERS THAT:

1. Staff shall respond to Spire's request for modification of the proposed action plan and shall comment on the confidential nature of information contained in Spire's response to Staff's Report no later than October 22, 2021.
2. This order shall be effective when issued.
