Case No. _____

JOINT APPLICATION

COME NOW The Empire District Electric Company ("Empire") and White River Valley Electric Cooperative ("White River") (collectively, "Applicants"), by and through their respective counsel, and for their Joint Application to the Missouri Public Service Commission (the "Commission"), pursuant to 4 CSR 240-2.060, 4 CSR 240-3.130, and RSMo. §394.312 and §416.041, for an order approving Applicants' Sixth Territorial Agreement (Agreement), respectfully state as follows:

The Applicants

1. Empire is a Kansas corporation with its principal office and place of business at 602 Joplin Street, Joplin, Missouri, 64801. Empire is engaged in the business of providing electrical and water utility services in Missouri to customers in its service areas and has a certificate of service authority to provide certain telecommunications services. Empire is an "electrical corporation," a "water corporation," a "telecommunications company" and a "public utility," all as defined in RSMo. §386.020, and Empire is subject to the jurisdiction and supervision of the Commission as provided by law. Empire has a wholly owned subsidiary that is a "gas corporation."

2. Other than complaint cases on file with the Commission and appellate cases to which the Commission is a party, Empire has no pending or final unsatisfied judgments or decisions against it from any state or federal agency or court that involve customer service or rates and that have occurred within the three years immediately preceding the filing of this Application. Empire has no overdue Commission annual reports or assessment fees. Empire's documents of incorporation have been previously filed with the Commission in Case No. EF-94-39 and said documents are incorporated herein by reference in accordance with 4 CSR 240-2.060(1)(G). A Certificate of Authority from the Missouri Secretary of State to the effect that Empire, a foreign corporation, is duly authorized to do business in the State of Missouri was filed with the Commission in Case No. EM-2000-369 and is incorporated herein by reference.

3. White River is a rural electric cooperative organized and existing pursuant to the laws of the State of Missouri and has its principal office on East Highway 76, Branson, Missouri. It is a Chapter 394 rural electric cooperative corporation engaged in the distribution of electric energy and service to its members within certain Missouri Counties.

4. White River has no pending or final judgments or decisions against it from any state or federal agency or court which involve its customer service or rates within the three years immediately preceding the filing of this Application. A copy of a Certificate of Good Standing from the Office of the Missouri Secretary of State for White River was filed in Commission Case No. EO-2004-0246 and is incorporated herein by reference.

The Territorial Agreement

6. **The Service Areas.** Subject to the terms and conditions of the Sixth Territorial Agreement between White River Valley Electric Cooperative and The Empire District Electric Company (the "Agreement"), the Applicants have specifically designated the boundaries of three exclusive electric service areas within portions of Taney County in Southwest Missouri, which areas are more particularly described in Article 3 of the Agreement. Applicants have attached a copy of the Agreement to this Application as **Appendix A**, which is incorporated by reference into this Application and made a part hereof for all purposes. As required by 4 CSR 240-3.130(1)(A), metes and bounds descriptions of the two exclusive service areas and maps depicting the service areas are a part of the Agreement and are incorporated by reference into this Application and made part hereof for all purposes (Exhibits A1-A3 for White River). The Agreement

establishes separate exclusive service territories for White River for all “new structures” for more orderly future development of electric service to the public. Each Applicant will continue to have service responsibilities beyond the boundaries of the Agreement unaffected by the terms of the Territorial Agreement.

7. **No Changes of Suppliers.** The Agreement does not require transfer of any facilities or customers between the Applicants, so no list of structures and persons whose utility service would be changed by the Agreement, as required by 4 CSR 240-3.130(1)(E), is included.

8. **Authority.** Empire has not included with this Application an “illustrative tariff” reflecting proposed changes to its certification, as required by 4 CSR 240-3.130(1)(C), since there will be no changes in the present boundaries of its certificated area as a result of this proceeding.

9. **Other Electric Suppliers.** To Applicants’ knowledge and belief there are no other electric suppliers serving in the areas covered by this Agreement.

10. **Public Interest.** The Agreement is not detrimental to the public interest and the proposed electric service area designations are in the public interest, because the Agreement establishes exclusive service obligations for new structures as between the Applicants in the described areas. The establishment of exclusive service territories will prevent future duplication of electric service facilities, will allow electric service customers within the areas to know with certainty the supplier of their electric service, and will allow the Applicants to avail themselves of prior investment and planning for serving the public.

Application Fee

11. The Commission's filing fee required by 4 CSR 240-3.130(3) is submitted herewith. Pursuant to the Agreement, the Commission's filing fee is being split between the Applicants.

WHEREFORE, Applicants respectfully request that the Commission issue its report and order: (a) finding that the designation of electric service areas is not detrimental to the public interest and approving the Applicants' Sixth Territorial Agreement; and (b) authorizing Applicants to perform in accordance with the terms and conditions of the Agreement.

Respectfully submitted,
