Respondent.)	

LATE FILED EXHIBIT OF MISSOURI-AMERICAN WATER COMPANY

Missouri-American Water Company ("Missouri-American" or the "Company"), by and through its attorney, Mary G. Sullivan, in response to a request at the evidentiary hearing for a late-filed exhibit related to the costs related to the excavation performed at 1422 Sheridan Drive, St. Louis, MO, states:

1. On October 13, 2006, the Missouri Public Service Commission held the evidentiary hearing in the above entitled case. At the conclusion of the hearing, Commissioner Appling requested that Missouri-American file as a late-filed exhibit any documentation related to the time spent by Missouri-American employees at the residence located at 1422 Sheridan Drive, St. Louis, MO in order to perform the excavation that was necessary to disconnect service for failure to pay.

2. Attached hereto and marked as Exhibit 8 are two documents responsive to this request. Page one is a copy of the timesheet completed by the Missouri-American crew for the work performed at this residence on October 14, 2006. This form indicates that the crew was at this location for four hours.

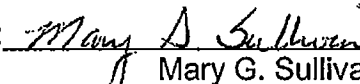

Pages two and three are a copy of the notice that is left at the residence by the crew after the excavation is completed. The form indicates that it was completed at 12:30 p.m. on October 14, 2006.

3. While Missouri-American's answer in this case indicated that service was terminated on October 13, 2005 based upon the work order issued on that date and admitted into the record of this case as Exhibit 6, the actual excavation and disconnection of service was performed on the following day, October 14, 2005.

Respectfully submitted,

MISSOURI-AMERICAN WATER COMPANY

By:

Mary G. Sullivan, #43030
Corporate Counsel
