**STATUS REPORT**

**COMES NOW** the Staff of the Missouri Public Service Commission ("Staff"), through the undersigned counsel, and makes its Status Report concerning this matter:

1. On October 21, 2011, Windstream Missouri, Inc. ("Windstream or Company"), filed an Application and Motion for Expedited Treatment under 47 CFR 52.15(g)(3)(iv) requesting that the Missouri Public Service Commission ("Commission") review and reverse a decision of the North American Numbering Plan Administrator (NANPA), to withhold certain numbering resources from Windstream, consisting of three LRNs and three NXXs, one of each in the Bolivar, Doniphan and Myrtle rate centers, and two one-thousand blocks of numbers for the Morrisville and Oxly rate centers.

2. On October 21, 2011, the Commission issued an Order in which it directed the Staff to file its Recommendation or a Status Report. As of this date, the Staff is still reviewing the technical information provided by the Company in order to ascertain whether the requested numbering resources, which are substantial, are both necessary and compliant with the criteria for granting additional resources. Although expedited treatment was requested, the numbering resources are to be used when certain switches are replaced, and the Staff represents that a delay in the Commission's

consideration will not harm the Company or require it to change its plans. The Staff anticipates that it will be able to file its Recommendation no later than Friday, November 18, so that this matter may be considered by the Commission at its November 22, 2011 Agenda Session.

**WHEREFORE**, the Staff reports that it expects to file its Recommendation on or before November 18, 2011.

Respectfully submitted,

Colleen M. Dale
