JOINT RESPONSE TO ORDER DIRECTING FILING

COME NOW Camelot Estates Association, and Camden County PWSD#3, pursuant to the Commission's Order Directing Filing dated April 24, 2006, and state to the Commission as follows:

1. Camelot Estates Association, hereinafter "the Association", provides water to residences located in any of the development phases of the Camelot Estates subdivision, including Phase 12, which is also known as the Shores of Camelot condominium project, and is located immediately adjacent to the other phases.

2. The Association membership is comprised only of persons owning lots within Camelot Estates or units in the condominium project.

3. The Association is currently providing water service. Water service was initially provided free of charge to the residents by Camelot Utilities from 1989 until 2001. Camelot Utilities was administratively dissolved in 1996; water service was continued by the former shareholders of the Camelot Utilities corporation until the sale of the system to the Association. The Association had no responsibility for the water system until it purchased the assets of Camelot Utilities.

4. The Association purchased the assets of Camelot Utilities in 2001.

5. The Association began charging a flat fee of \$15 per month for water service in 2002. This fee was raised to \$20 per month in 2005.

WHEREFORE, having fully answered the questions of the Commission to the best of their ability, Joint Applicants ask the Commission to either find the Certificate of Camelot Utilities Company to be null and void, or in the alternative, to approve the sale and transfer of the water system from Camelot Estates Association to Camden County PWSD#3, and to cancel the certificate held by Camelot Utilities.

Respectfully submitted,
