

LDMI is Evolving!

Same Great Service with a New Name

Beginning this month, LDMI will begin merging with Cavalier Telephone. The two companies together will provide the nation's strongest competitive alternative to the giant monopolies of Bell and Cable.

Changes you will notice are primarily the name of the company and the look of your future monthly bills. The new bill format will provide greater detail about your account activity and call details. This is a positive change that many customers have asked for.
