Re: Initial Block request for LEAVEHLSNG MO Rate Center for OCN 516C

To Whom It May Concern:

This letter documents our requirements in relation to additional numbering resources for SBC Internet Services, Inc. d/b/a AT&T Internet Services (SBCIS/ATTIS). It is understood that SBCIS/ATTIS may take this request to the State Commission, if needed, to fulfill our request for one block in the LEAVEHLSNG MO rate center for an initial block request.

At this time, the Rate Center does meet the required FCC criteria to obtain an initial resource. Unfortunately, the only blocks available in the pool have an SSC Type of “J” and for billing purposes we cannot use a block with a “J” SSC Type.

We are requesting a code and we would like to keep NPA-NXX-7 while the remaining nine blocks will be donated back to replenish the pool.

It is imperative that we have these additional numbers to prevent our organization from incurring damages as it relates to customer satisfaction. We would also like to obtain this block as soon as possible. Please let me know if you have any questions or need additional information.

Thanks,

Patty Berris
