In re: Southwestern Bell Telephone Company's Quarterly Monitoring Report
Case No.: TO-2000-322

Dear Judge Roberts:

Enclosed for filing with the Commission in the above-referenced case are an original and eight copies of the Highly Confidential ("HC") version of Southwestern Bell Telephone Company's ("SWBT's") Quarterly Monitoring Report. This Report is Highly Confidential in its entirety as it: (1) contains information related directly to certain specific wholesale customers of SWBT; (2) provides market share information concerning SWBT's affiliate ("SBC Advanced Solutions Inc.") and other wholesale customers of SWBT; and (3) contains network information of SWBT. As you know, the Commission ordered SWBT to provide confidential quarterly monitoring reports beginning July 1, 2000, showing the total number of loops requested for xDSL based services and the number of loops that required conditioning by binder group and by each affiliate or company requiring these loops or services. See Arbitration Order, In the Matter of DIECA Communications, Inc., d/b/a Covad Communications Company, for Arbitration of Interconnection Rates, Terms, Conditions, and Related Arrangements with Southwestern Bell Telephone Company, Case No. TO-2000-322, March 23, 2000, p. 20. Additionally, pursuant to the Commission's July 7, 2000 Order Directing Filing, this quarterly monitoring report includes the number of wholesale loops requested per company or affiliate. Finally, pursuant to the Commission's October 30, 2000 Order Directing Filing, this quarterly monitoring report includes information for loops that were requested or provided through line-sharing arrangements to show the total number of loops requested for xDSL-based services and the number of such loops that required conditioning by binder group for each affiliate or non-affiliate company.

Please note that SWBT's Quarterly Monitoring Report that was filed on October 10, 2000, contained data regarding the months of June, July, August, and September, 2000. Additionally, SWBT's Supplement to its Prior Quarterly Monitoring Reports that was filed on November 29, 2000, included data for June, July, August, September, and October. The current Quarterly Monitoring Report contains data regarding the months October, November, and December, 2000. In order for SWBT's reports to truly be quarterly reports, SWBT will be filing its Quarterly Monitoring Report as follows, unless directed otherwise by the Commission.

January, February, and March Monitoring Report	To be filed by May 15th
April, May, and June Monitoring Report	To be filed by August 15th
July, August, and September Monitoring Report	To be filed by November 15th
October, November, and December Monitoring Report	To be filed by February 15 th

Please note that data is not available until approximately the 15th day of the month following the end of the quarter. It then takes SWBT approximately one month to interpret the data and prepare the Quarterly Monitoring Report.

Also enclosed for filing is an original redacted ("NP") copy of SWBT's Quarterly Monitoring Report.

It is our understanding that SWBT's Quarterly Monitoring Report is for the Commission's use only. SWBT has, therefore, not provided it to the other parties in the above-referenced case.

Please stamp "Filed" on the extra copy and return it to me in the enclosed self-addressed, stamped, envelope.

If you have any questions, please do not hesitate to contact me. I can be reached at (314)235-4094.

Very truly yours,

Mimi B. MacDonald
