3. AmerenUE has an interest in this case that is different from that of the general public and which may be adversely affected by a final order arising from this case. Moreover, AmerenUE's intervention is in the public interest. AmerenUE's interest in this case arises from its status as only one of three investor-owned electric utilities regulated by the Commission in the state with a direct and specific interest in the issues raised in this case, including the Commission's treatment of various revenue and expense items and, in particular, the Commission's examination of Kansas City Power & Light Company – Greater Missouri Operations (“KCPL-GMO”) inclusion in rate base of its share of the new Iatan 2 Plant.

4. At this time, AmerenUE is unable to state its position relating to the relief sought by KCPL-GMO and is unsure of the positions it may take on the issues.

WHEREFORE, AmerenUE respectfully requests that the Commission grant its Application for Intervention and that it be made a party hereto with all rights to participate in this matter.

Respectfully submitted,

SMITH LEWIS, LLP
