Subscribers may originate and terminate SPRINT Service as described in Section 2 of this Tariff. In the event the Company determines that provision of SPRINT Dial-Up Service via a seven digit access number and authorization code imposes a significant risk of fraudulent use of its service, the Company, at its discretion, may choose not to process new orders for Dial-Up Service and/or may, after written notice, cancel existing subscribers' authorization codes. In such cases, the Company will continue to offer customers its "800" access FO NCARD Service. SPRINT DIAL "1" Service or the "1010XXX" access number will also be offered where equal access (FGD) is available. Subscribers who use SPRINT Dial-Up Service in conjunction with automatic dialing equipment may be exempted from this requirement when the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

SPRINT Service is provided as the intrastate add-on service to interstate SPRINT Service and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule No. 1 located at www.embarq.com/tariffs. Charges for SPRINT Service are based on the distance and duration of the call, and the rate period when the call is placed. If FGD Access and/or SPRINT Universal "800" Access is used, the distance will be measured from the rate center of the calling number as represented by the ANI to the rate center of the called number. If FGB Access (SPRINT Dial-Up via "950" number) is used, the distance will be measured from the rate center of the "tandem location" or network site to which the FGB circuit is connected. Per-minute usage rates for SPRINT Service are set forth below. Rate periods are set forth in Section 4.16 of this tariff.

SPRINT Service is an add-on to the Company's interstate offering and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule located at www.embarq.com/tariffs.

Any new or existing SPRINT Service subscriber who requests The Most and is billed directly by the Company, by a LEC via the Company's Package Ready Billing System, or by a credit card company will receive the following discounts. - (2) The Most subscribers will receive a 15 percent discount off of their SPRINT Service and Operator Service rates (both usage and surcharges), for calls placed to Sprint residential and business customers having switched access (except VPN, VPN Premiere and Switched Data Services [SDS]). If the telephone number with the most usage in 105.1.1 is subscribed to a Sprint switched access service, this discount will be applied net of the discount applied in 105.1.1.
