RE: Sewer Utility Small Company Rate Increase Request
Tariff Filing to Establish Formal Rate Case Docket
MO PSC Work I.D. No. 2002 00682

Dear Secretary:

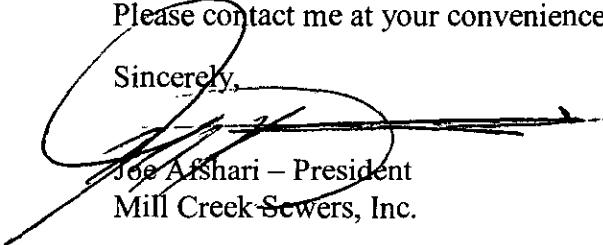

Enclosed for filing with the Commission are an original and three copies of proposed tariff sheets that include rate and language changes reflected in a Company/Staff Agreement Regarding Disposition of Small Company Rate Increase Request (Disposition Agreement) entered into by the Mill Creek Sewer Company (Company) and the Commission Staff (Staff) regarding the above-referenced small company rate increase request. The Company submitted the referenced rate increase request on February 20, 2002 under the provisions of the Commission's small company rate increase procedure, and the request was assigned the above-referenced tracking number.

Since the above-referenced Disposition Agreement is only between the Company and Staff, the enclosed tariff sheets bear an effective date that is more than 45 days from the issue date, as is required by the small company rate increase procedure. As is also required by the small company rate increase procedure, a notice regarding the proposed rate increase is being sent to the Company's customers. Additionally, please be advised that it is my understanding that the Staff will be filing the Disposition Agreement and the customer notice with the Commission, once a formal rate case has been established pursuant to this tariff filing.

Consistent with the above-referenced Disposition Agreement, the enclosed proposed tariff sheets include customer rates that are intended to produce an increase of \$22,301 in the Company's annual sewer system operating revenues, and also include all other provisions necessary to implement the terms of the Disposition Agreement.

Please contact me at your convenience if you need anything further regarding this matter.

Sincerely,

Joe Afshari – President
Mill Creek Sewers, Inc.
