OF THE STATE OF MISSOURI**

In the Matter of the Adjustment of Union Electric)	
Company d/b/a Ameren Missouri's Fuel Adjustment)	<u>File No. ER-2014-0022</u>
Clause for the 13 th Accumulation Period)	Tariff No. JE-2014-0042

**THE MIEC'S AND OPC'S JOINT MOTION FOR EXPEDITED TREATMENT OF
THEIR JOINT APPLICATION FOR REHEARING**

COME NOW the Missouri Industrial Energy Consumers ("MIEC") and the Office of Public Counsel ("OPC"), collectively the Movants ("Movants"), and pursuant to 4 CSR 240-2.080(14) hereby file their Joint Motion for Expedited Treatment of their Joint Application for Rehearing respecting the Commission's September 4, 2013 Report and Order issued in this case. In support of their Motion, the Movants state as follows:

1. On September 10, 2013, the Movants requested that a \$26.3 million refund be included in Ameren Missouri's Tariff Sheet No. 72.9.

2. The Commission has set its next Agenda for Wednesday, September 11, 2013, at 9:30 a.m.

3. The effective date of the FAC at issue in this case is September 24, 2013. If the Commission does not grant this motion and provide the relief requested at its scheduled Agenda on Wednesday, September 11, 2013, Ameren Missouri's ability to revise the tariff in accordance with the Commission's decision could be negatively impacted.

4. Missouri ratepayers have suffered extended and unnecessary harm for more than two years as a result of Ameren Missouri's imprudent and unlawful failure to flow the requisite amount of revenues through the FAC.

5. If the Commission grants this Motion for Expedited Treatment and orders Ameren Missouri to include the \$26.3 million refund in its current tariff, the harm to Missouri ratepayers of excessive rate charges will be alleviated.

6. If the Commission does not grant this Motion for Expedited Treatment, and does not order Ameren Missouri to include the \$26.3 million refund in its current, tariff, Missouri ratepayers will be required to wait an additional four months before receiving the refund to which they are entitled. Additionally, many more ratepayers will not even receive their refunds, as they will have moved off the Ameren Missouri system.

7. Accordingly, should the Commission fail to grant expedited treatment in this case, Missouri ratepayers will continue to suffer the negative effects of Ameren Missouri's unlawful and imprudent failure to flow revenues from the FAC to its customers.

8. This pleading was filed as soon as it could have been, in that it was filed on the same day as the MIEC's and OPC's Joint Application for Rehearing was filed.

Respectfully submitted,
