

In the matter of Notice Pursuant to)
4 CSR 240-4.020 filed by Mark Twain) File No. _____
Communications Company.)

Mark Twain Communications Company (“Company”) hereby notifies the Commission, pursuant to 4 CSR 240-4.020, as follows:

- a. the federal Universal Service Fund (USF);
- b. Eligible Telecommunications Carrier (ETC) requirements and designation processes;
- c. intrastate inter-carrier compensation mechanism structures and rates; and
- d. Missouri basic local service rates.

Among other things, Missouri CLECs are required by this *Report and Order* to reduce and eventually eliminate intrastate access rates, and to apply interstate access rates to intrastate VoIP to PSTN traffic.

4. While the *Report and Order* imposes these changes over a time period between December 29, 2011 and the year 2021, the more immediate deadlines require changes to intrastate access tariffs to be effective July 1, 2012. As a result, the Company anticipates making access filings during 2012 to implement the FCC's *R&O*.

5. The Company does not intend to trigger any contested case proceedings in its attempt to comply with the *Report and Order*. The Company makes this filing out of an abundance of caution.
