

Findings of Fact

After reviewing the file, the Commission finds that AT&T Missouri and Sonic intend to adopt the same terms and conditions of the amendments to the interconnection agreement between Level 3 Telecom of Kansas City, LLC and AT&T Missouri, approved by the Commission in File No. IK-2017-0222, on March 10, 2017. AT&T Missouri did not object to the request and filed this notice of the adoption of the amendments to the interconnection agreement. No objections have been received.

Amendment Procedure

The Commission has a duty to review all resale and interconnection agreements, whether arrived at through negotiation or arbitration, as mandated by the Act.¹ In order for the Commission's role of review and approval to be effective, the Commission must also review and approve or recognize amendments to these agreements. The Commission has a further duty to make a copy of every resale and interconnection agreement available for public inspection.²

The parties to each resale or interconnection agreement must maintain a complete and current copy of the agreement, together with all amendments, in the Commission's offices. Any proposed amendment must be submitted pursuant to Commission rules 4 CSR 240-28.020 and 4 CSR 240-28.080.

Conclusions of Law

The adoption of the terms and conditions of a previously approved interconnection agreement is authorized by Section 252(i) of the federal Telecommunications Act of 1996.³

Section 252(i) states:

(i) Availability to Other Telecommunications Carriers. –

A local exchange carrier shall make available any interconnection, services, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement.

Federal rule 51.809 (Rule 809) was promulgated to implement Section 252(i) of the Act. Rule 809 provides that the incumbent local exchange company must provide the interconnection, network elements, or services to a requesting telecommunications carrier that notifies the ILEC that it wishes to adopt the interconnection, network elements, or services from a Commission-approved interconnection agreement unless stated conditions are proven to the Commission. An ILEC can deny an adoption if it proves that (1) the cost of providing a particular interconnection, service, or element to the requesting telecommunications carriers is greater than the cost of providing it to the telecommunications carrier that originally negotiated the agreement, or (2) the provision of the particular interconnection, service, or element to the requesting carrier is not technically feasible.⁴ Commission rule 4 CSR 240-28.080 allows the Commission to approve the adoption or amendment of previously approved interconnection agreements.

³ See 47 U.S.C. § 251, *et seq.*

⁴ 47 C.F.R. § 51.809(b).

THE COMMISSION ORDERS THAT:

1. Sonic Telecom, LLC's adoption of the terms and conditions contained in the amendments of the interconnection agreement between Level 3 Telecom of Kansas City, LLC and AT&T Missouri, pursuant to Section 252(i) of the Telecommunications Act of 1996, is approved.
2. Any changes or amendments to this agreement shall be submitted in compliance with 4 CSR 240-28.020 and 4 CSR 240-28.080.
3. This order shall become effective on November 10, 2017.
4. This file may be closed on November 11, 2017.
