STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and for its recommendation states:

1. In the attached Memorandum, which is labeled Appendix A, the Staff recommends that the Missouri Public Service Commission grant France Telecom Corporate Solutions, L.L.C., (Applicant) a certificate to provide interexchange telecommunications services. The Staff also recommends that the Commission grant Applicant a certificate to provide basic local exchange telecommunications services throughout all exchanges served by incumbent local exchange telecommunications companies Southwestern Bell Telephone L.P. d/b/a SBC Missouri and Sprint Missouri, Inc. The recommendation to grant the basic local certificate is based upon a number of access-related conditions. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. Sections 392.430 and 392.440 RSMo (2000).

2. Staff also recommends that the Commission classify the Applicant and its services as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. Section 392.361.4. All the services a competitive company provides must be classified as competitive. Section 392.361.3.

3. Staff further recommends that the Commission approve the waivers listed in the Notice of Applications. The Commission may waive the application of its rules and certain statutes if the Commission determines that waiver is consistent with the purposes of Chapter 392. Sections 392.185, 392.361.5 and 392.420.

4. Applicant submitted a basic local tariff (P.S.C. MO Tariff No. 1; Tariff File No. YL-2005-0493) and an interexchange tariff (P.S.C. MO Tariff No. 2; Tariff File No. YL-2005-0494), to which the Staff has no objection.

WHEREFORE, Staff recommends that the Commission grant Applicant a certificate to provide interstate interexchange telecommunications services; grant Applicant a certificate to provide basic local exchange telecommunications services throughout all exchanges served by SBC Missouri and by Sprint Missouri, contingent upon the listed access-related conditions; grant Applicant competitive classification; approve waivers listed in the Notice of Applications; and approve Tariff Nos. 1 and 2, effective July 15, 2005.

Respectfully submitted,

DANA K. JOYCE
General Counsel

Date: June 24, 2005
Filing Deadline: July 6, 2005 (by 4:00 pm 7 working days prior to proposed effective date)

certificate to provide basic local exchange telecommunications services in the following service areas.

- All of SWBT
- All of Sprint

Granting the certificate should be based on the following conditions:

2. The certificate and service classification for switched access service is conditioned on the continued applicability of Section 392.200 RSMo, and the requirement that any increases in switched access services rates above the maximum switched access service rates set forth herein shall be made pursuant to Sections 392.220 and 392.230 RSMo, and not Sections 392.500 and 392.510 RSMo.
3. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within 30 days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.

The Company is not delinquent in filing an annual report and paying the PSC assessment.

The Company is delinquent. Staff recommends the Commission grant the requested relief/action on the condition the applicant corrects the delinquency. The applicant should be instructed to make the appropriate filing in this case after it has corrected the delinquency.
