VIA EFIS

Secretary
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary:

Enclosed herewith for filing with the Missouri Public Service Commission is a revised tariff sheet, P.S.C. MO. No. 5 Consolidated, Two Hundred and Fourteenth Revised Sheet No. 29, which is applicable to both divisions of Laclede Gas Company ("Company"). This revised tariff sheet, which has an issue date of October 30, 2009, and an effective date of November 17, 2009, reflects the scheduled November Purchased Gas Adjustment ("PGA") of the Company as provided by Sheet Nos. 15 through 28-i of the Company's tariff. Such revised PGA rates, which will be made effective on a pro-rata basis, include changes to both the Current Purchased Gas Adjustment ("CPGA") and the Actual Cost Adjustment ("ACA") factors for natural gas and subdivision propane customers.

As a result of this filing, the Company's underlying charge for natural gas for firm sales customers will decrease from \$.83163 to \$.65642 per therm primarily due to the reduction in the cost of gas the Company purchased this past summer and stored for use this winter as natural gas prices continued to stay depressed from the record peak they reached in the middle of last year.

The natural gas PGA rates provided herein will decrease the natural gas bill of the typical residential heating customer by approximately 15% compared to existing rates. If the proposed PGA rates remain in effect for the entire winter, the natural gas bill of the typical residential heating customer will be approximately \$118 lower than last winter, or \$24 per month. Furthermore, with such a reduction the Company's rates will be the lowest they have been in five years and will be down 28% from the peak level they reached during the winter of 2005-2006.

Sincerely,

Kenneth J. Neises
Executive Vice President
